I am pinging the research team  
I want to see what user scenarios we can potentially use to build our case.

**Kadij Bell** 3:56 PM  
I can work on finalizing the deck for review by end of day.  
I have been working closely with the leadership team to get the timeline in place so we are in a good place to get feedback.

**Will Little** 4:41 PM  
Sounds good, it's starting to shape up.
