Does the parts list include everything from the new vendors? It looked like a few things were missing.

Adele Vance Tuesday 10:20 PM

Good call out Miriam. I don't think those have been added yet. I'll talk to procurement and make sure they get added.

I can help you with the rollout plan for EMEA as I've been working closely this week with the local marketing team to get the timings from the external AD agency and media buying team.

That would be a great help, I will call you to discuss at 12.

I've made a start with APAC and LATAM, now I'm just running through the plan for US.

Eric Ishida:

That's great. I will collate all the materials from the media agency for buying locations, footfall verses media costs. I presume the plan is still to look for live locations to bring the campaign to life?

The goal is still for each local marketing team to be able to target audience segments

I asked the client to send her feedback by EOD.
