Welcome to Microsoft Teams Premium

Lizenzübersicht

Two types of license checks

Organizer-based

Feature available to all meeting participants if organizer has license

Meeting Organizer has license

Meeting Organizer does not have license

User-based

Feature available to only licensed users

-  Users with T-Pre license
-  Users without T-Pre license
-  Access to premium features

Live Caption Translation vs. Post Transcription Translation

Live Caption Translation (Organizer-based)

Meeting Organizer has license

Meeting Organizer does not have license

Post Transcription Translation as part of Recap (User-based)

- Users with T-Pre license
- Users without T-Pre license
- Access to premium features

Premium Meeting Settings

Premium Meetings

- **Presenter bio**
- **Banner, logo, and predefined color**
- **Advanced registration capabilities**
 - approval, waitlist, registration date and time limit.
- **Registration overview and management**

Premium Events – green room

The screenshot shows a Microsoft Teams Premium Events green room interface. At the top, it displays "GREEN ROOM" and "Van Arsdel Product Launch". The main video feed on the left shows a woman with long blonde hair, identified as Daniela Mandera. The main video feed on the right shows a woman with short brown hair, identified as Charlotte de Crum. A central callout box says "Attendees waiting" and "Start the meeting when you're ready and attendees will be let in." In the bottom right corner of the main video feed, there is a small video thumbnail of a man with glasses and a beard, identified as Marie Beaudouin. On the right side of the screen, there is a "Q&A" panel with a pinned comment from Charlotte de Crum: "Hello and happy Wednesday. Welcome to Van Arsdel product launch! We are excited to have you here as we unveil our new product. Please ask quest... see more". Below this, there is a question from Aadi Kapoor: "How do you envision this product growing with the user base?". The Microsoft Teams navigation bar at the top includes People, Chat, React, Q&A, Notes, More, Mic, Camera, Share, Start meeting (yellow button), and End meeting (pink button).

A close-up photograph of a large, dark, heavily rusted padlock. The padlock is mounted on a rough, light-colored stone wall. A thick, dark chain is attached to the side of the padlock and extends out of the frame. The padlock itself is dark brown or black with visible signs of age and wear. The background is the textured surface of the stone wall.

Sensitivity Label

Sensitivity Label für Teams Meetings

Define the scope for this label

Labels can be applied directly to items (such as files, emails, meetings), containers like SharePoint sites and Teams, Power BI items, schematized data assets, and more. Let us know where you want this label to be used so you can configure the applicable protection settings. [Learn more about label scopes](#)

Items
Be aware that restricting the scope to only files or emails might impact encryption settings and where the label can be applied. [Learn more](#)

Files (preview)
Protect files created in Word, Excel PowerPoint, and more.

Emails (preview)
[Protect messages sent from Outlook and Outlook on the web](#)

Meetings
Protect calendar events and meetings scheduled in Outlook and Teams.

- Konfiguriert per Purview Sensitivity Label
- Erfordert E5 + Teams Premium
- Outlook Win: 2302+
- Outlook mac: 16.70+
- Teams Win: 1.5.00.32158+
- Teams mac: 1.5.00.32154+

Sensitivity Label für Teams Meetings

Settings for Teams meetings and chats

These settings apply to all Teams meetings that have this label applied.

ⓘ If you select a setting below, the options you configure will be enforced when the label is applied to a meeting. Users won't be able to change the setting in Teams. If you don't select a setting, users will be able to select it themselves when creating a Teams meeting.

Meeting settings

These settings apply to all Teams meetings that have this label applied, including channel meetings and those scheduled in Teams or Outlook. Applying a label to a meeting is available from 'Meeting options'. [Learn more about these options](#)

Control who can bypass the lobby ⓘ

Only people who were invited

Allow dial-in users to bypass the lobby

Control who can present

Only the organizer and co-organizers

Control who can record

Control whether meetings are recorded automatically

Control end-to-end encryption for meeting video and audio ⓘ

If selected, you won't be able to record meetings automatically or control who can record.

Apply end-to-end-encryption

Control watermarks ⓘ

Apply watermark to shared content

Apply watermark to everyone's video feed

Chat settings

These settings protect sensitive content by restricting user actions in individual, channel, and meeting chats for all teams that have this label applied.

Control meeting chat

Only during meeting

Prevent copying chat content to clipboard

Some attendees will be blocked from copying messages from the meeting chat. Also, additional steps are needed to prevent copying chat content from meetings created in Teams channels. [Learn more](#)

- Use case: Vertrauliches Meeting
- Lobby Einstellungen
- Präsentation nur durch Organizer
- Aktive E2EE
- Wasserzeichen im Video Feed
- Chat kann nicht kopiert werden

Sensitivity Label für Teams Meetings - Einschränkungen

- Mobile Outlook Clients: Keine Unterstützung für Meeting Label
- Kein automatisches Labeling
- Keine übersetzten Label
- Änderungen am Label erfordern ein Neustart des Meetings
- Kein Überschreiben von Admin Policies
- Keine On-Prem Mailboxen
