All is good on my end. We have a design review tomorrow, and then we'll be in good shape. We had to make some edits for the client. She initially didn't want us to reference any of the competition, but after looking at the work we did for another client, she agreed to go in that direction. We've already made the adjustments.

Colin Ballinger 1:25 PM

Daniela, I'm happy to help. Let's put some time on the calendar. Teamwork makes the dream work! Can you send me the slides?

Kayo Miwa 1:29 PM

I don't have any issues to report. I've been out for a few days, but I'll be helping Babek and Beth with the studio production work starting tomorrow.
