# Copilot in Teams Meetings without transcript retention

Copilot

The screenshot shows the 'Meeting options' dialog box in Microsoft Teams. The 'Copilot' section is highlighted with a red circle around the 'With transcription' checkbox, which is checked. The 'Without transcription' option is also visible. Other options like 'Enable language interpretation', 'Enable Green room', 'Enable Q&A', 'Who can record', and 'Allow attendance report' are shown but not highlighted.

**Meeting options**

Enable language interpretation

Enable Green room

Enable Q&A

Who can record  Organizers and presenters

Copilot  With transcription  Without transcription

Enable end-to-end Encryption

Streaming mode for all attendees

Apply a watermark to shared content

Apply a watermark to everyone's video feed

Allow attendance report

**Options**

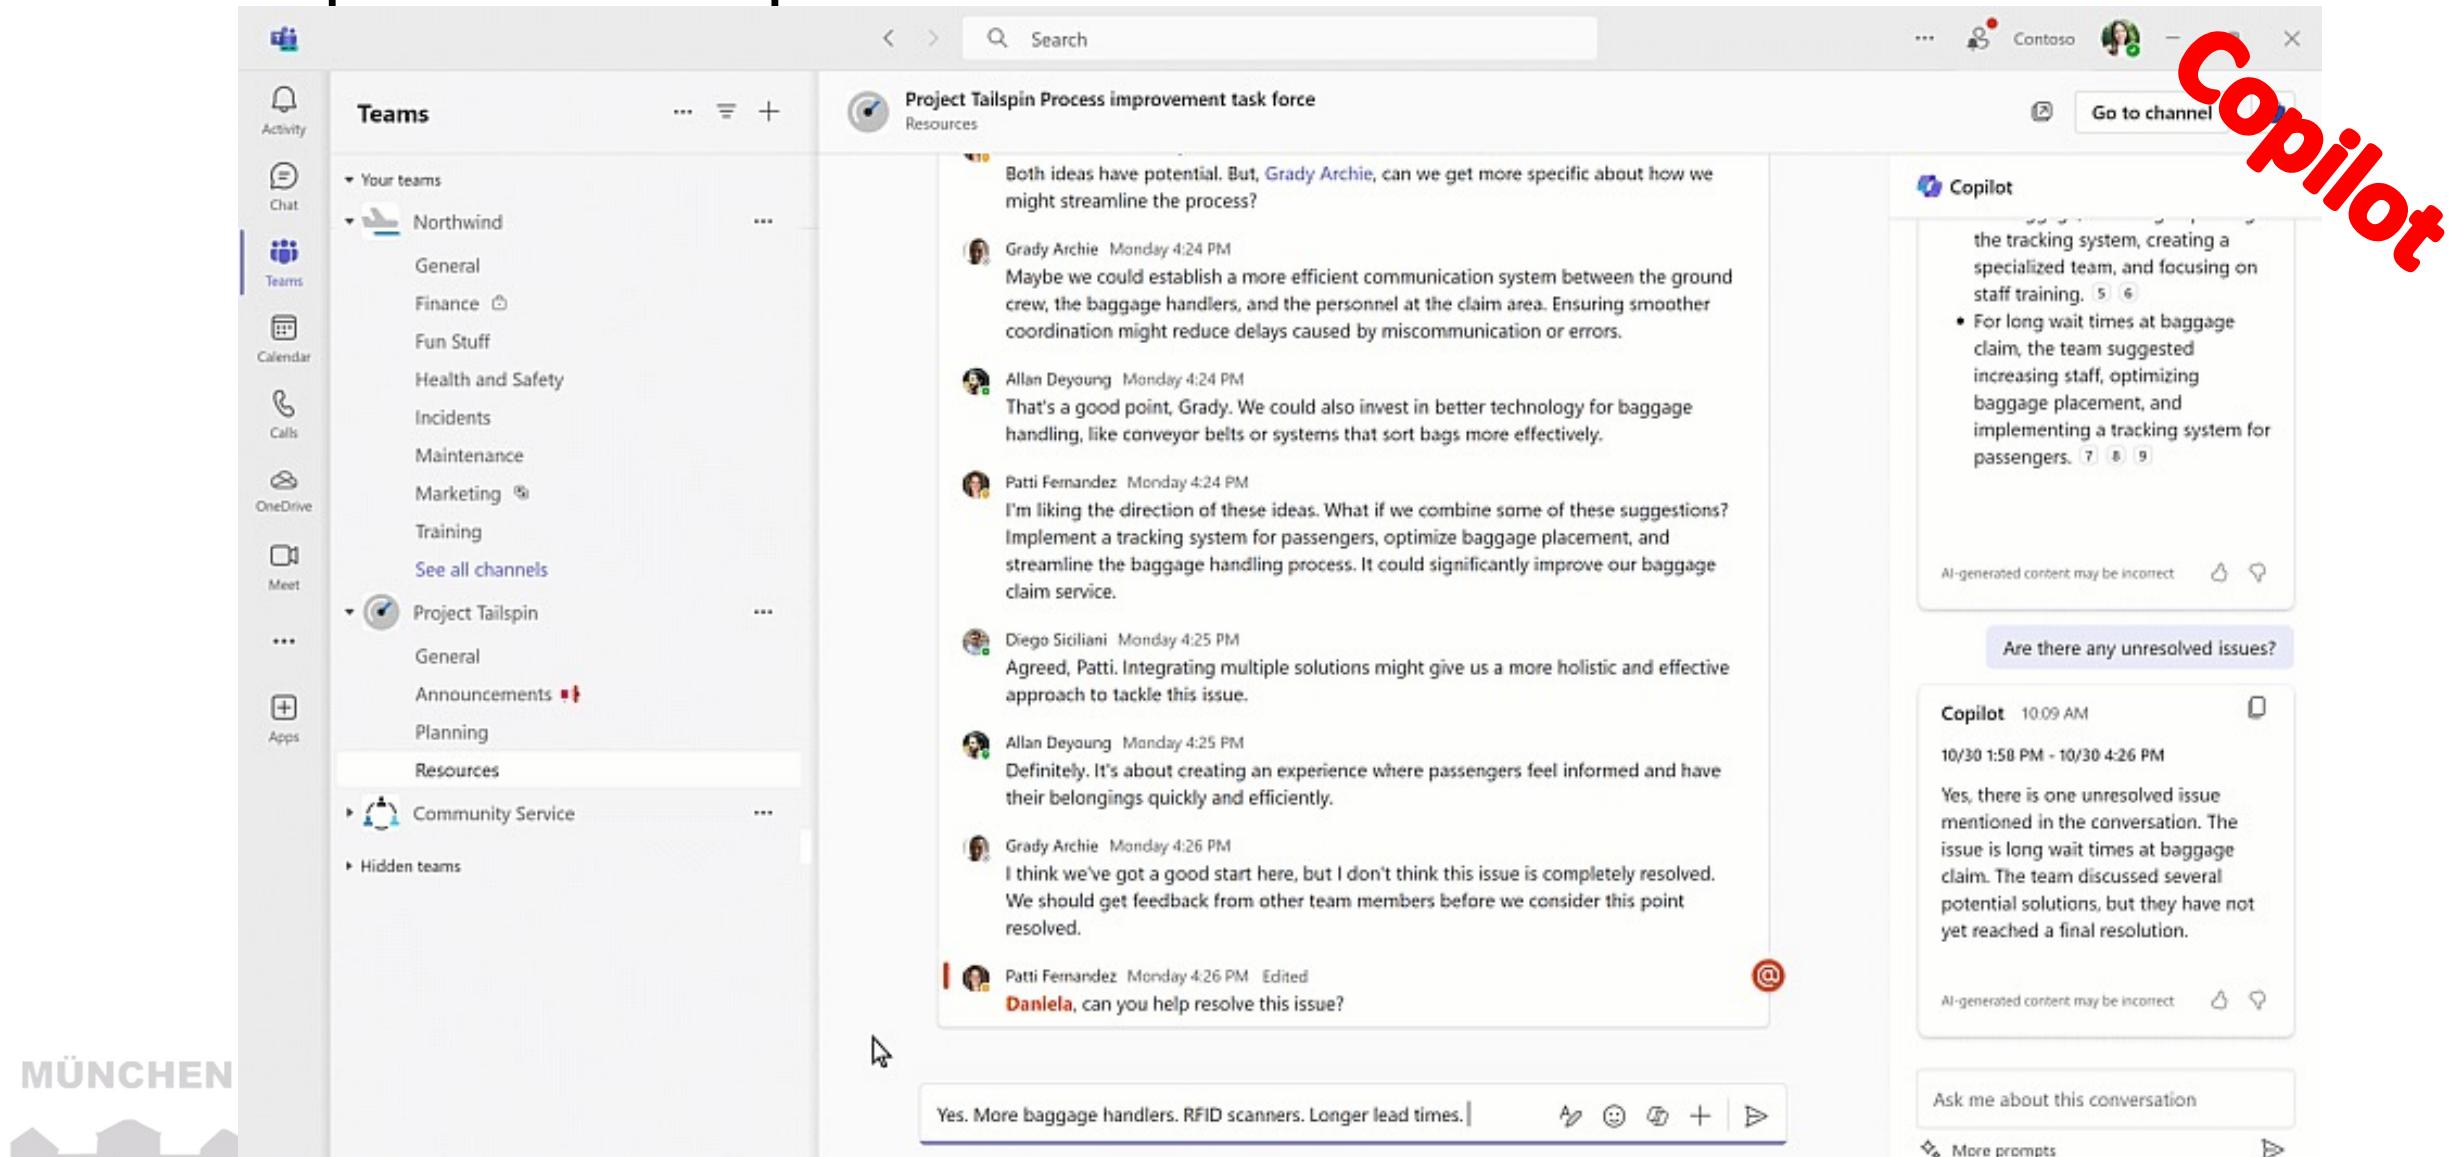

Who can bypass the lobby?  Only organizer and co-organizer

People calling in by phone can bypass the lobby

More options

**Save**

# Copilot compose in Teams chat and channels

The screenshot shows a Microsoft Teams chat window. On the left is the Teams sidebar with navigation links: Activity, Chat, Teams, Calendar, Calls, OneDrive, Meet, and Apps. The main area shows a conversation in the 'Project Tailspin Process improvement task force' channel. The messages are:

- Both ideas have potential. But, Grady Archie, can we get more specific about how we might streamline the process?
- Grady Archie Monday 4:24 PM Maybe we could establish a more efficient communication system between the ground crew, the baggage handlers, and the personnel at the claim area. Ensuring smoother coordination might reduce delays caused by miscommunication or errors.
- Allan Deyoung Monday 4:24 PM That's a good point, Grady. We could also invest in better technology for baggage handling, like conveyor belts or systems that sort bags more effectively.
- Patti Fernandez Monday 4:24 PM I'm liking the direction of these ideas. What if we combine some of these suggestions? Implement a tracking system for passengers, optimize baggage placement, and streamline the baggage handling process. It could significantly improve our baggage claim service.
- Diego Siciliani Monday 4:25 PM Agreed, Patti. Integrating multiple solutions might give us a more holistic and effective approach to tackle this issue.
- Allan Deyoung Monday 4:25 PM Definitely. It's about creating an experience where passengers feel informed and have their belongings quickly and efficiently.
- Grady Archie Monday 4:26 PM I think we've got a good start here, but I don't think this issue is completely resolved. We should get feedback from other team members before we consider this point resolved.
- Patti Fernandez Monday 4:26 PM Edited  
**Daniela**, can you help resolve this issue?

At the bottom of the message list, there is a red 'Copilot' watermark. To the right of the message list, a 'Copilot' panel is open, containing the following text:

the tracking system, creating a specialized team, and focusing on staff training. 5 6

- For long wait times at baggage claim, the team suggested increasing staff, optimizing baggage placement, and implementing a tracking system for passengers. 7 8 9

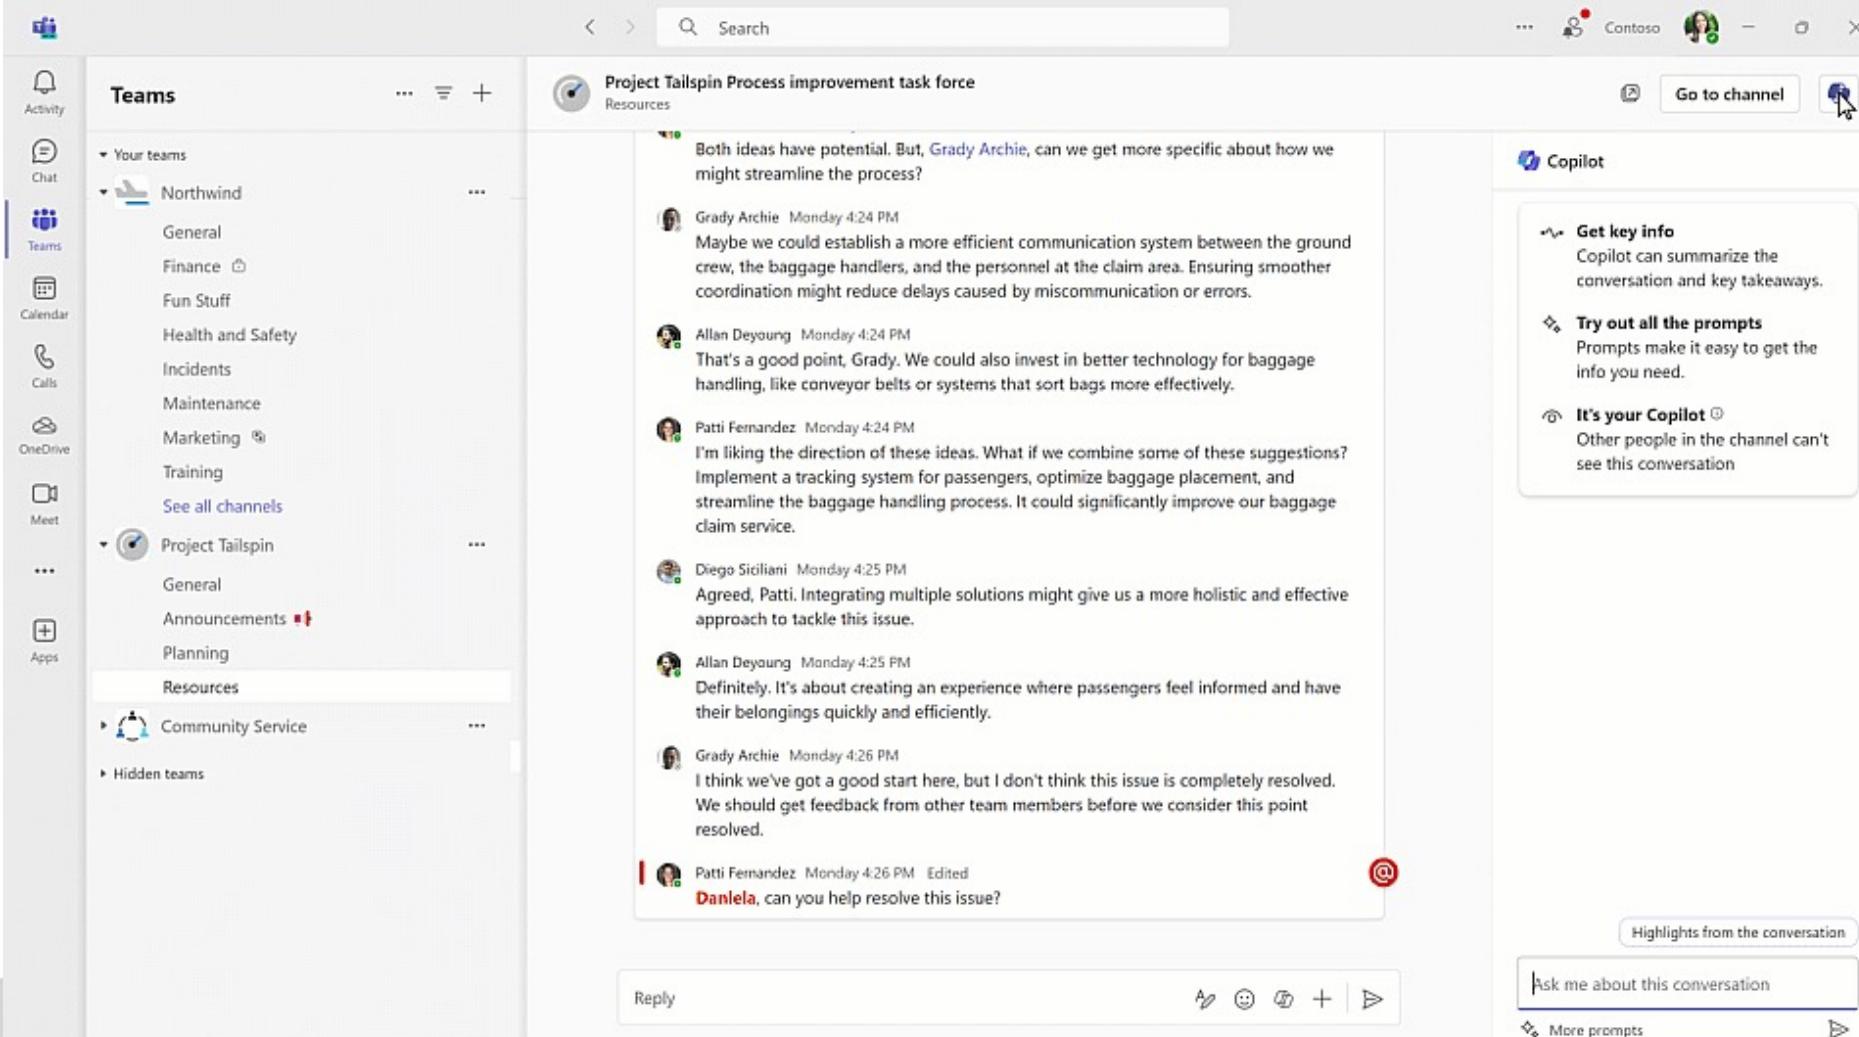

Below this, a note says "AI-generated content may be incorrect". At the bottom of the panel, a button asks "Are there any unresolved issues?"

On the far right, another panel titled "Copilot 10:09 AM" shows the message: "10/30 1:58 PM - 10/30 4:26 PM Yes, there is one unresolved issue mentioned in the conversation. The issue is long wait times at baggage claim. The team discussed several potential solutions, but they have not yet reached a final resolution." Below this, a note says "AI-generated content may be incorrect".

At the very bottom, there are buttons for "Ask me about this conversation" and "More prompts".

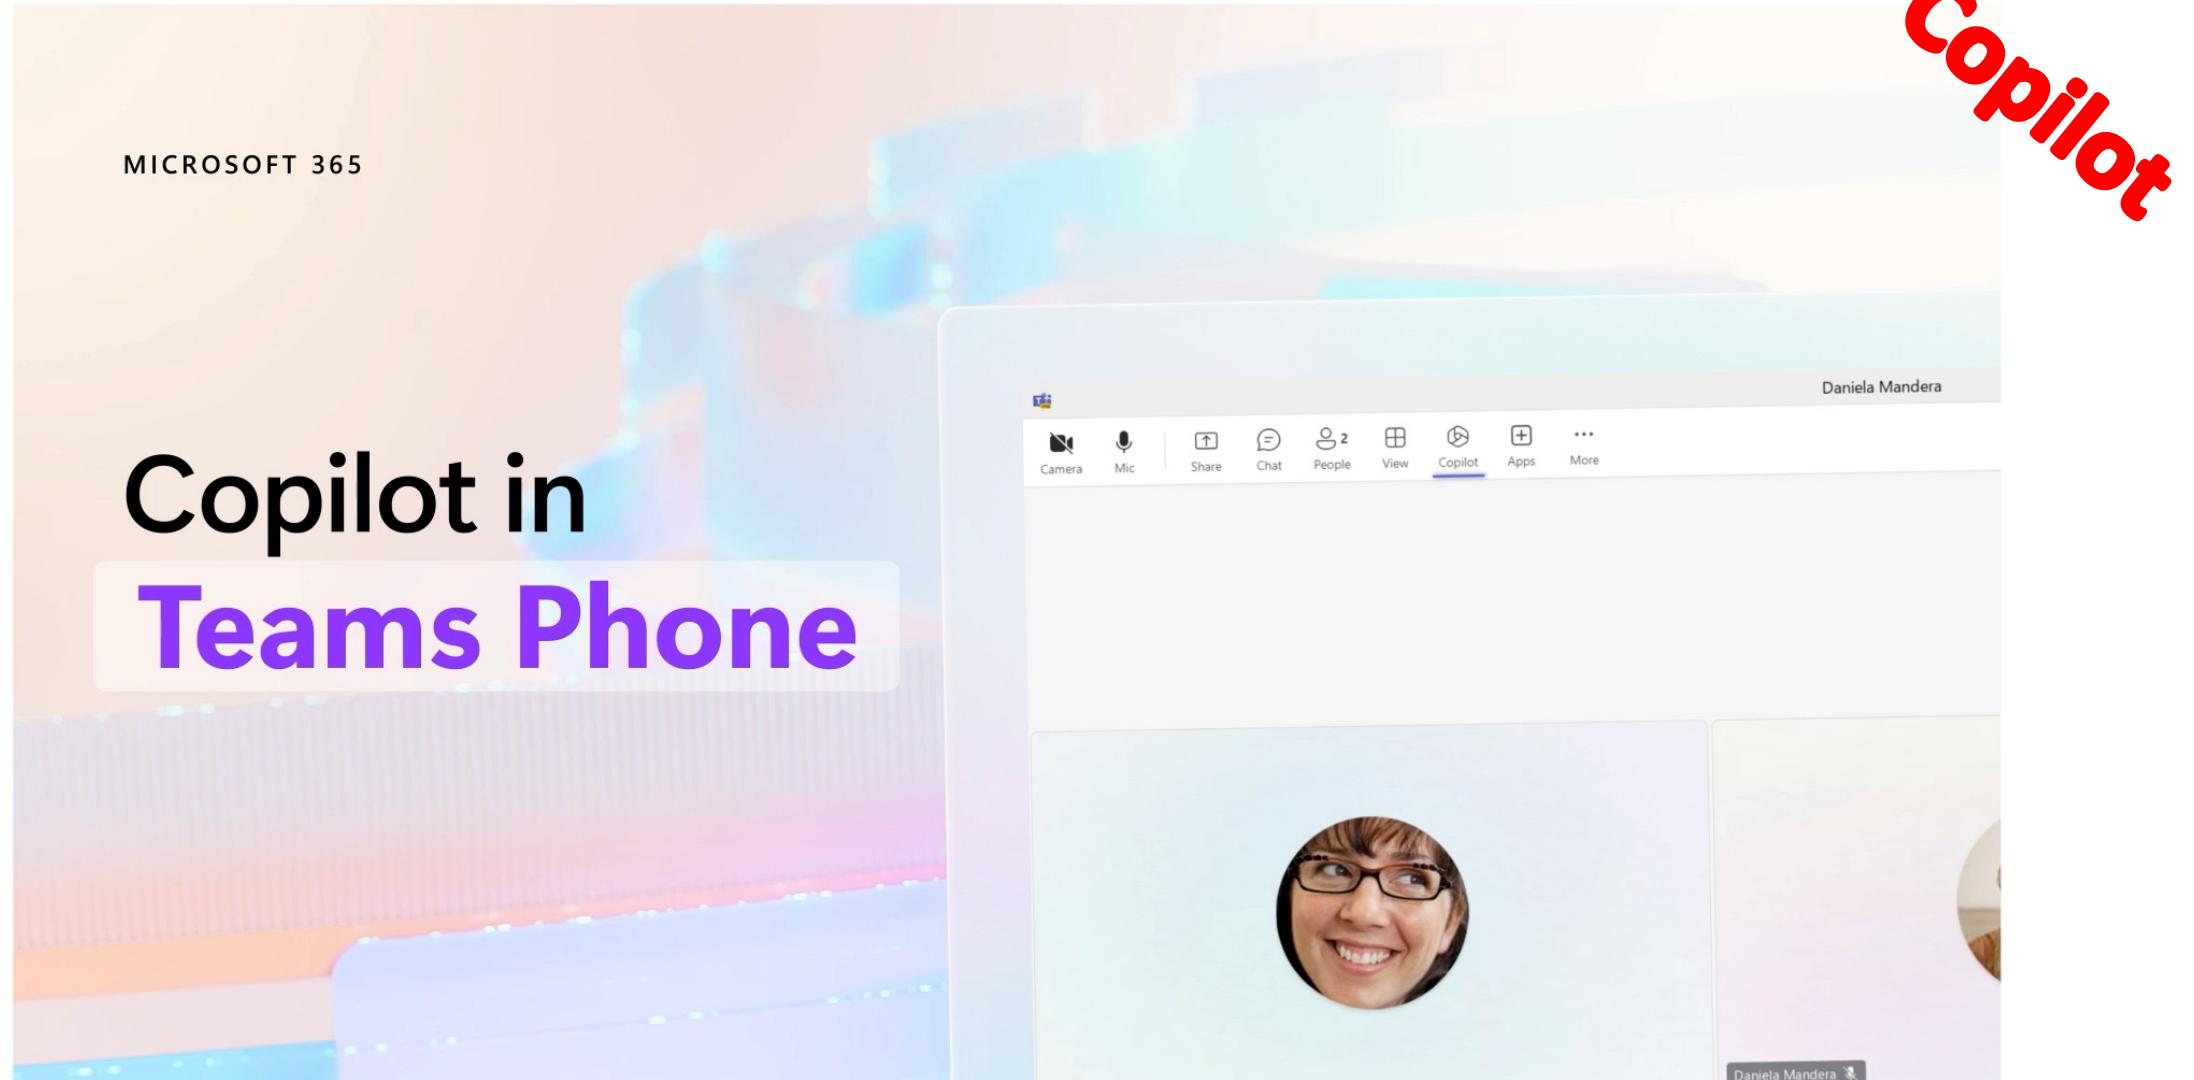

# Copilot in Teams chat and channels new prompts / Copilot in Teams channels

Copilot

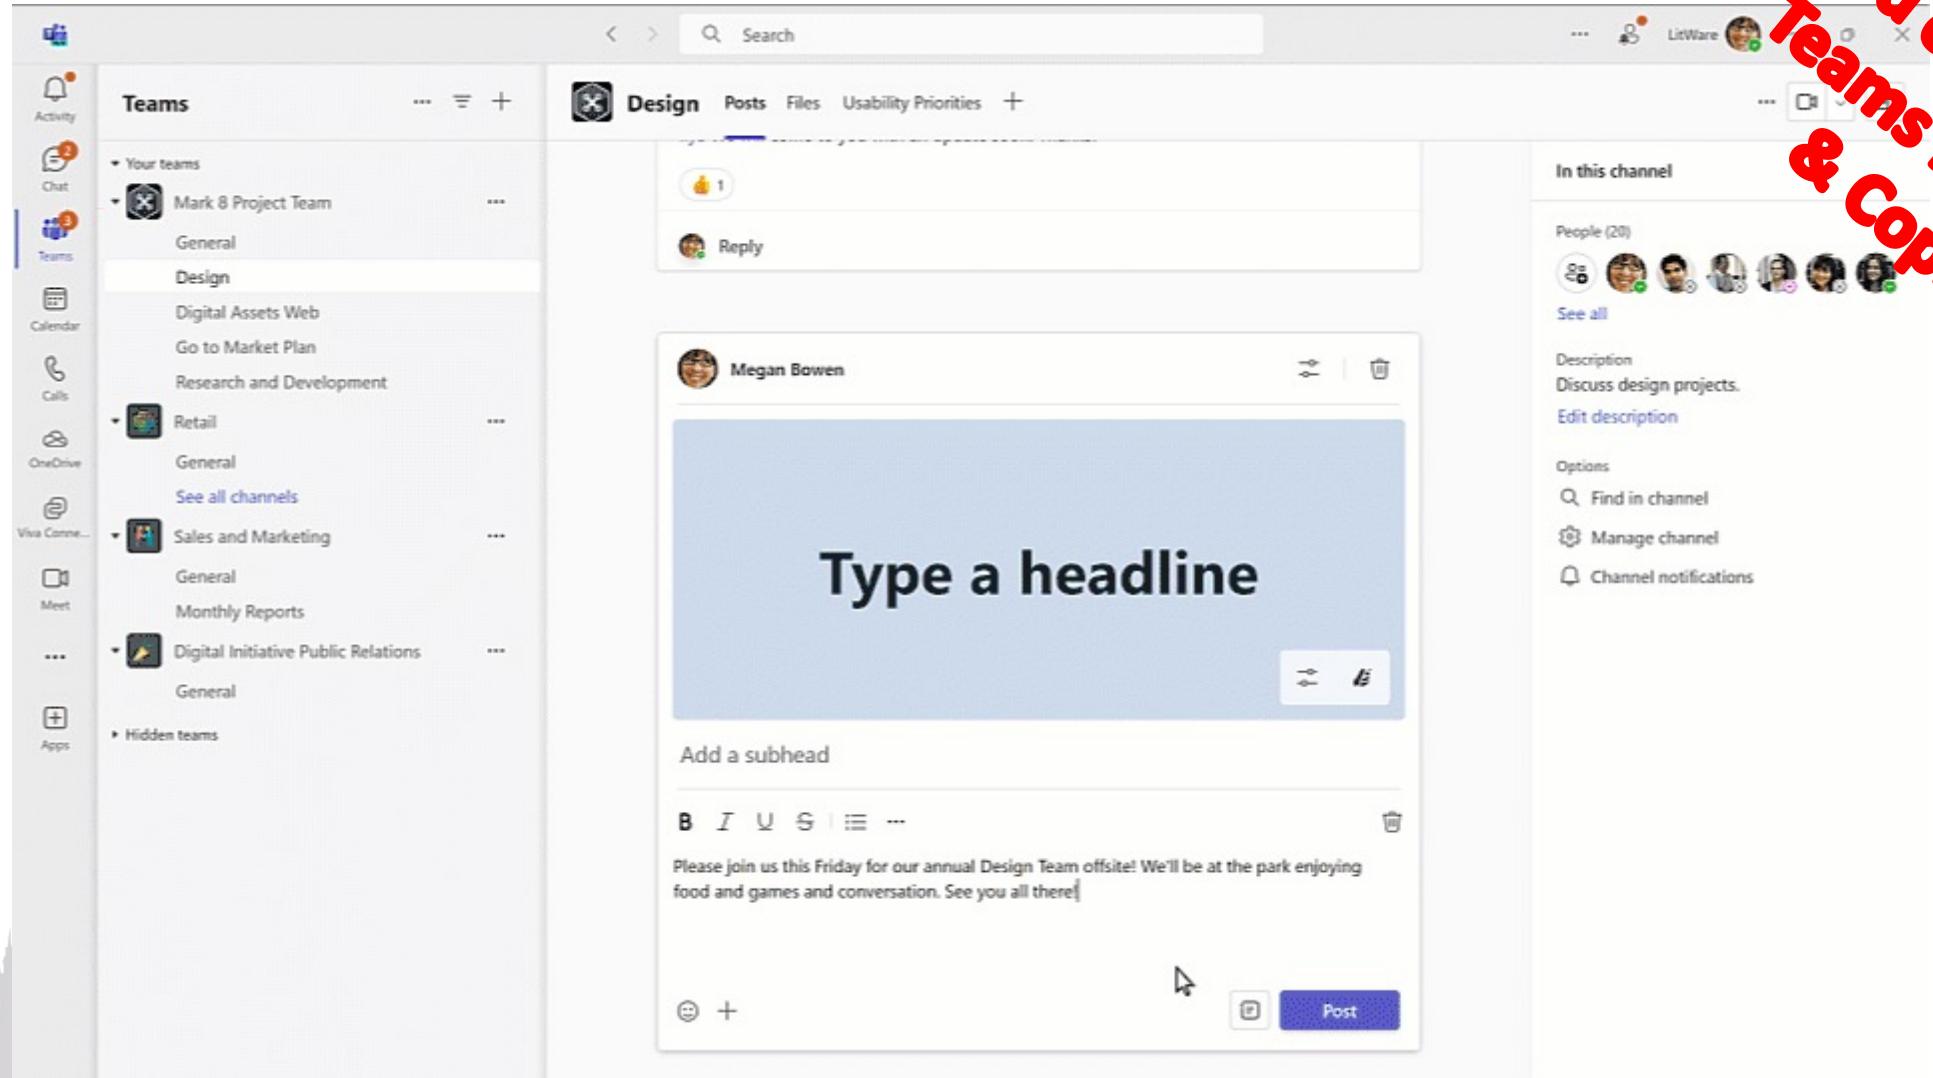

The screenshot shows a Microsoft Teams interface. On the left is the Teams navigation bar with icons for Activity, Chat, Teams, Calendar, Calls, OneDrive, Meet, and Apps. The main area displays a chat window titled "Project Tailspin Process improvement task force". The conversation starts with a message from "Copilot" suggesting to "Get key info" and "Try out all the prompts". Other team members (Grady Archie, Allan Deyoung, Patti Fernandez, Diego Siciliani) contribute to the discussion about process improvement. The conversation ends with a message from "Patti Fernandez" asking for help from "Daniela". On the right side, there is a "Copilot" sidebar with three sections: "Get key info" (Copilot can summarize the conversation and key takeaways), "Try out all the prompts" (Prompts make it easy to get the info you need), and "It's your Copilot" (Other people in the channel can't see this conversation). At the bottom of the sidebar are buttons for "Highlights from the conversation", "Ask me about this conversation", and "More prompts".

# Copilot in the Calls app: post-call experience

# Custom channel announcement background

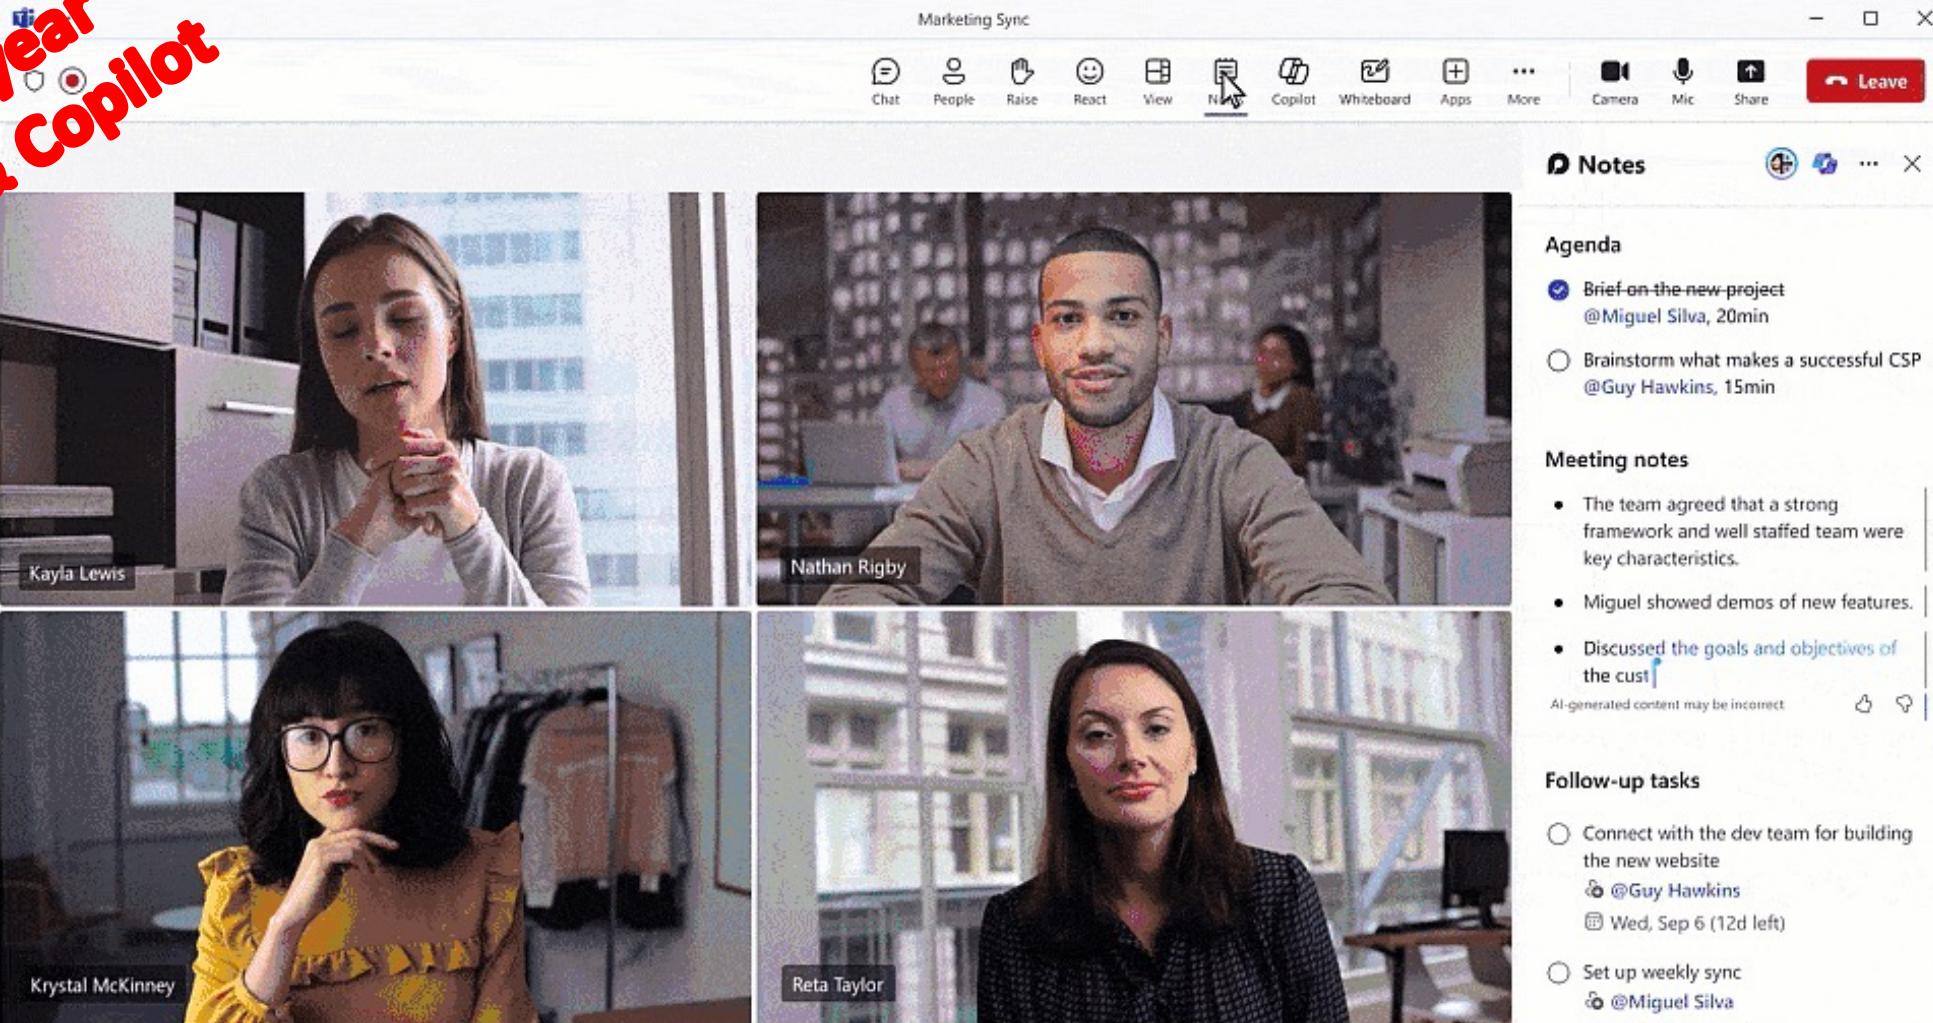

The screenshot shows the Microsoft Teams interface. On the left is the navigation sidebar with icons for Activity, Chat, Teams, Calendar, Calls, OneDrive, Viva Connect, Meet, and Apps. The 'Teams' section is expanded, showing 'Your teams' with 'Mark 8 Project Team' selected. Under 'Mark 8 Project Team', there are channels: General, Design (which is currently selected), Digital Assets Web, Go to Market Plan, Research and Development, Retail, General, See all channels, Sales and Marketing, General, Monthly Reports, Digital Initiative Public Relations, General, and Hidden teams. The main area shows the 'Design' channel. At the top of the channel page, there is a blue banner with the text 'Type a headline'. Below the banner, there is a text input field containing the placeholder 'Please join us this Friday for our annual Design Team offsite! We'll be at the park enjoying food and games and conversation. See you all there!'. The bottom right of the input field has a 'Post' button. To the right of the channel page, there is a sidebar titled 'In this channel' which includes sections for 'People (20)', 'Description' (with the text 'Discuss design projects.' and a 'Edit description' link), and 'Options' (with links for 'Find in channel', 'Manage channel', and 'Channel notifications'). A red diagonal watermark reading 'End of the year - Teams Premium & Copilot' is overlaid across the top right of the image.

# Intelligent recap integration with Copilot / Copilot in Collaborative notes

End of the year -  
Premium & Copilot

Early 2024 -  
Copilot

The screenshot shows a Microsoft Teams meeting titled "Marketing Sync" with four participants: Kayla Lewis, Nathan Rigby, Krystal McKinney, and Reta Taylor. The interface includes standard meeting controls like Chat, People, Raise, React, View, Copilot (highlighted with a cursor), Whiteboard, Apps, More, Camera, Mic, Share, and Leave.

A large red callout box on the left side of the screen contains the text "End of the year - Premium & Copilot". A second red callout box on the right side contains the text "Early 2024 - Copilot".

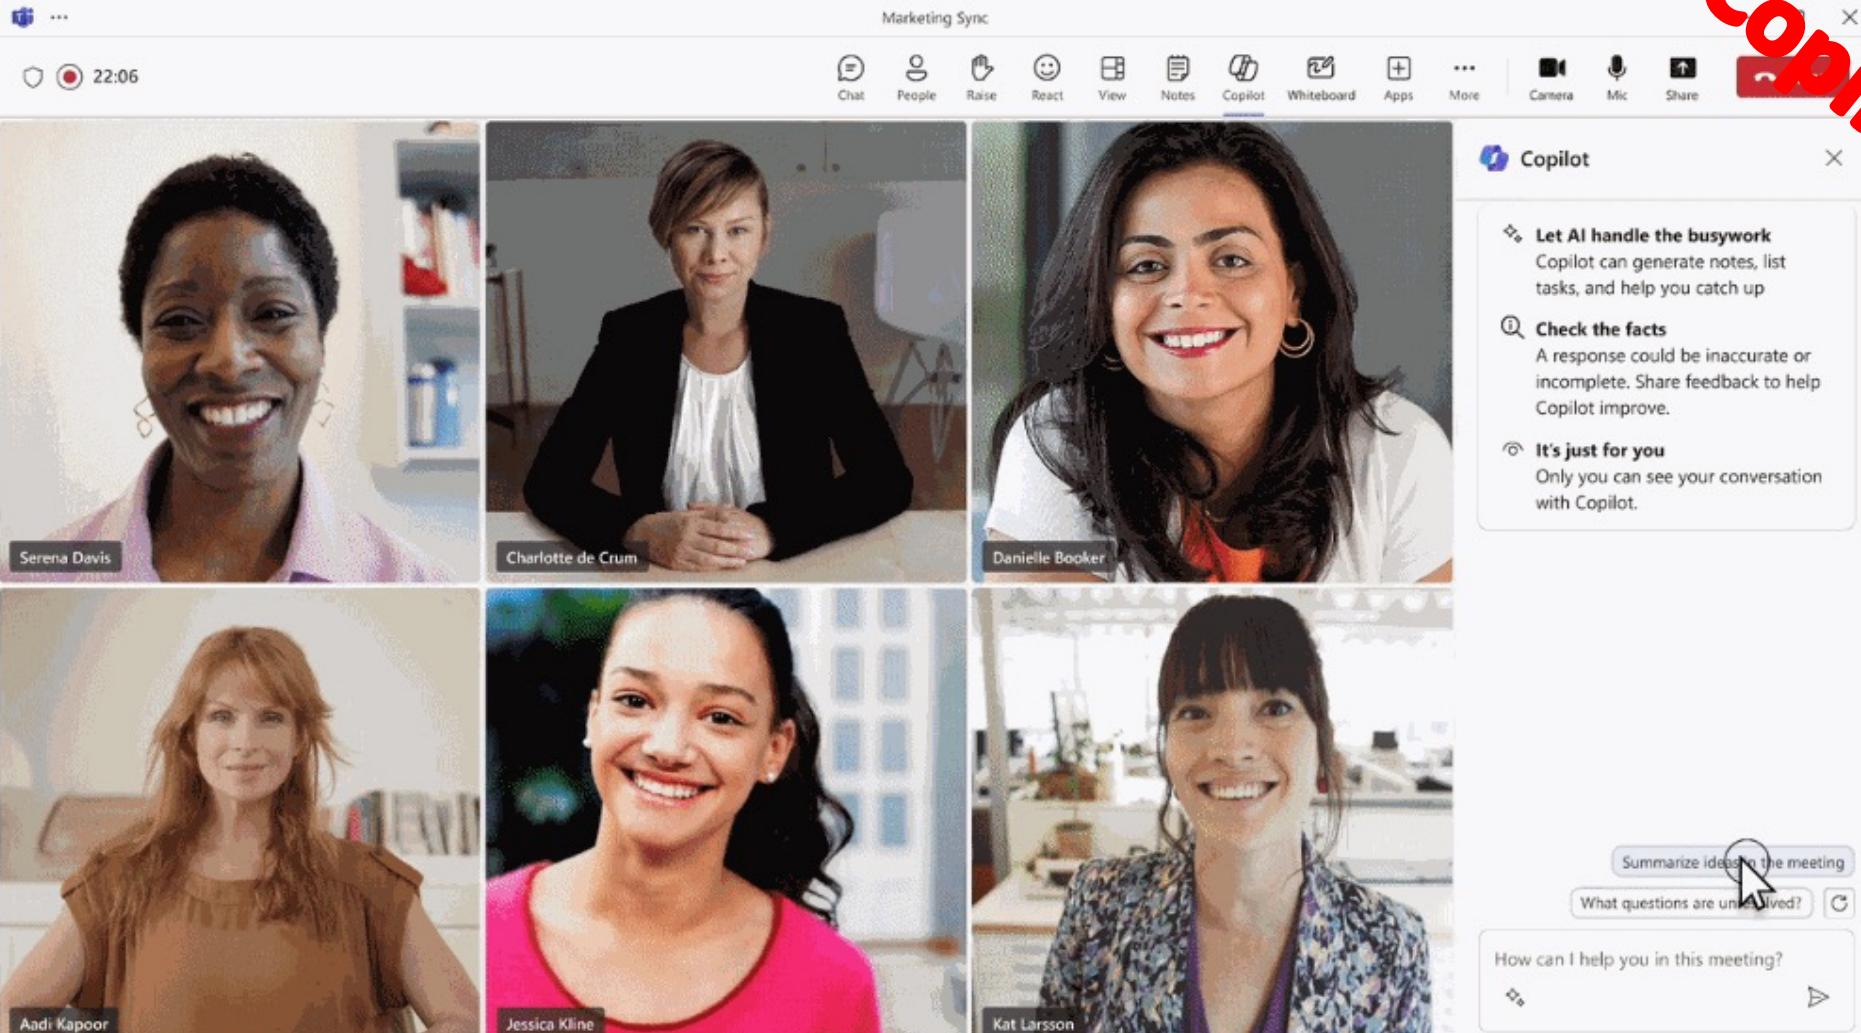

The Copilot-generated recap note card on the right side of the interface includes the following sections:

- Agenda**
  - Brief on the new project @Miguel Silva, 20min
  - Brainstorm what makes a successful CSP @Guy Hawkins, 15min
- Meeting notes**
  - The team agreed that a strong framework and well staffed team were key characteristics.
  - Miguel showed demos of new features.
  - Discussed the goals and objectives of the cust

AI-generated content may be incorrect
- Follow-up tasks**
  - Connect with the dev team for building the new website  
↳ @Guy Hawkins  
📅 Wed, Sep 6 (12d left)
  - Set up weekly sync  
↳ @Miguel Silva  
📅 Wed, Sep 6 (12d left)

# Combining the power of Copilot in meetings and Whiteboard

Early  
2024 -  
Copilot

The screenshot shows a Microsoft Teams meeting titled "Marketing Sync" at 22:06. There are six participants in the grid:

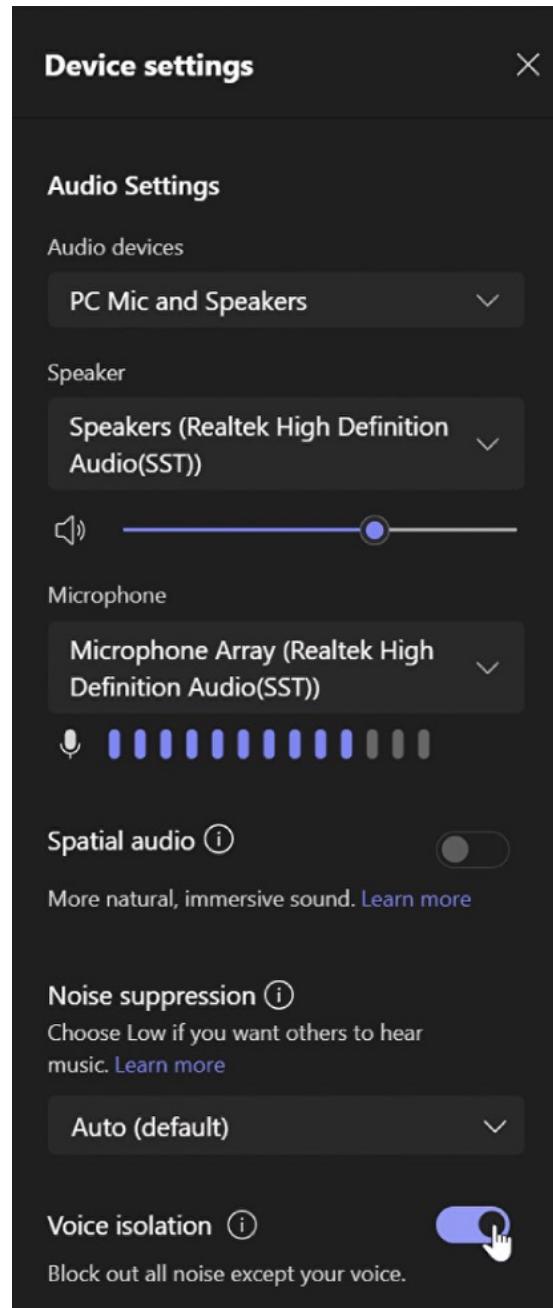

- Serena Davis (top-left)
- Charlotte de Crum (top-middle)
- Danielle Booker (top-right)
- Aadi Kapoor (bottom-left)
- Jessica Kline (bottom-middle)
- Kat Larsson (bottom-right)

The Teams interface includes standard controls like Chat, People, Raise, React, View, Notes, Copilot, Whiteboard, Apps, More, Camera, Mic, and Share. A red box highlights the "Copilot" tab. On the right, a sidebar titled "Copilot" displays three AI features:

- Let AI handle the busywork**: Copilot can generate notes, list tasks, and help you catch up.
- Check the facts**: A response could be inaccurate or incomplete. Share feedback to help Copilot improve.
- It's just for you**: Only you can see your conversation with Copilot.

At the bottom of the sidebar, there are buttons for "Summarize ideas in the meeting" (with a cursor icon), "What questions are unresolved?", and "How can I help you in this meeting?" with a message input field and a send button.

# New Teams Premium Features – Advanced Town Halls

# New Teams Premium Features – Additional tenant level analytics

The screenshot shows the Microsoft Teams Virtual Appointments Analytics interface. On the left, a vertical sidebar includes icons for Activity, Chat, Teams, Calendar, Calls, and Apps, with 'Virtual App...' selected. The main header has tabs for Home, Bookings schedule, Queue, Analytics (which is active), and Manage. A search bar and a user profile icon are at the top right.

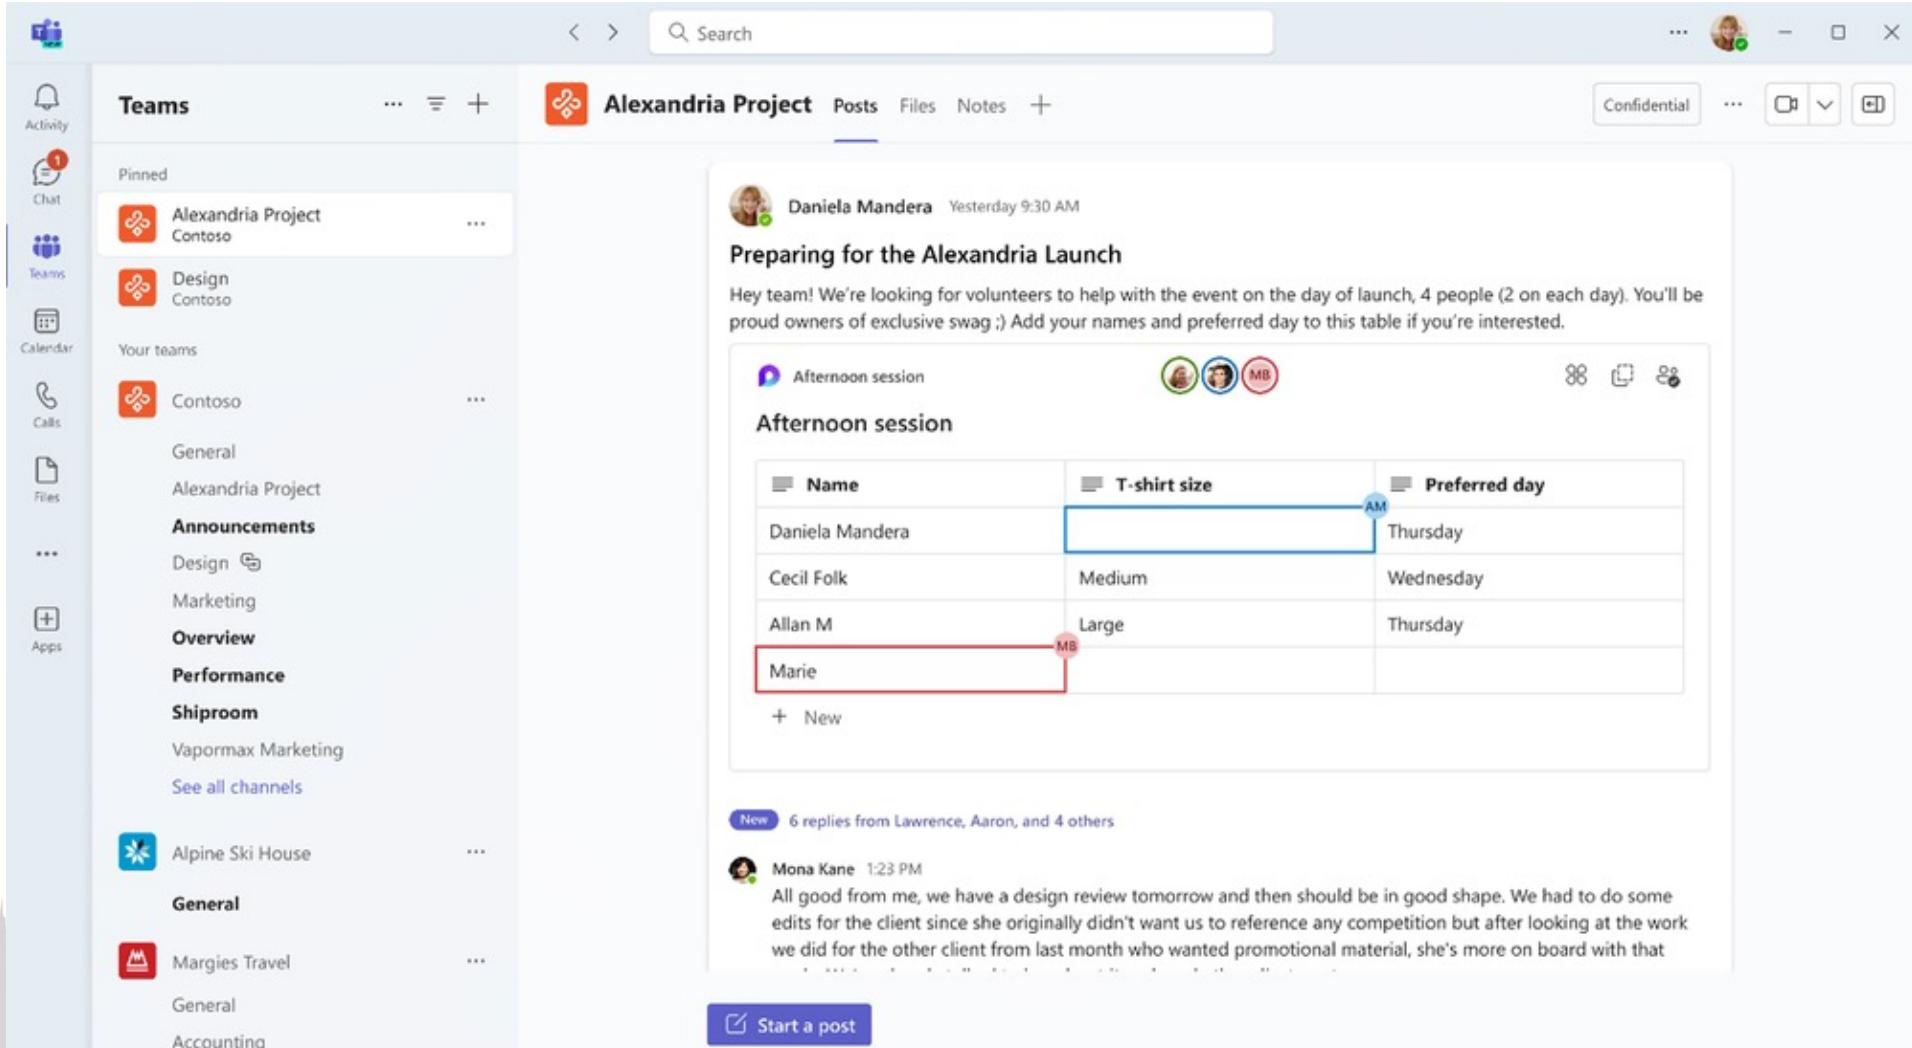

The Analytics tab displays a report for 'Virtual appointments usage' over the last 30 days. It shows the following data:

- Usage:**
  - 100,000 Total appointments
  - 70,000 Bookings appointments
  - 10,000 EHR appointments
  - 30,000 Premium-feature appts
- Insights:**
  - 9% Appointments that ran past scheduled time
  - 9% Appointments that staff started late
  - 5.2 min Average lobby wait time for scheduled appointments
  - 18.7 min Average lobby wait time for on-demand appointments

A line chart below the usage section tracks lobby wait times from October 1 to October 17. The chart shows a general upward trend with a peak around October 15.

Start time (UTC)	Meeting ID	Lobby wait time	Duration (hh:mm:ss)	Primary email	Product type	Attendees	Status	SMS sent
APR 06, 2020 11:26:14	bd2e95db-6f6a-432...	05:08	00:23:23	akappor@contoso.com	API	2	Completed	✓

# C&C – Loop components in channels

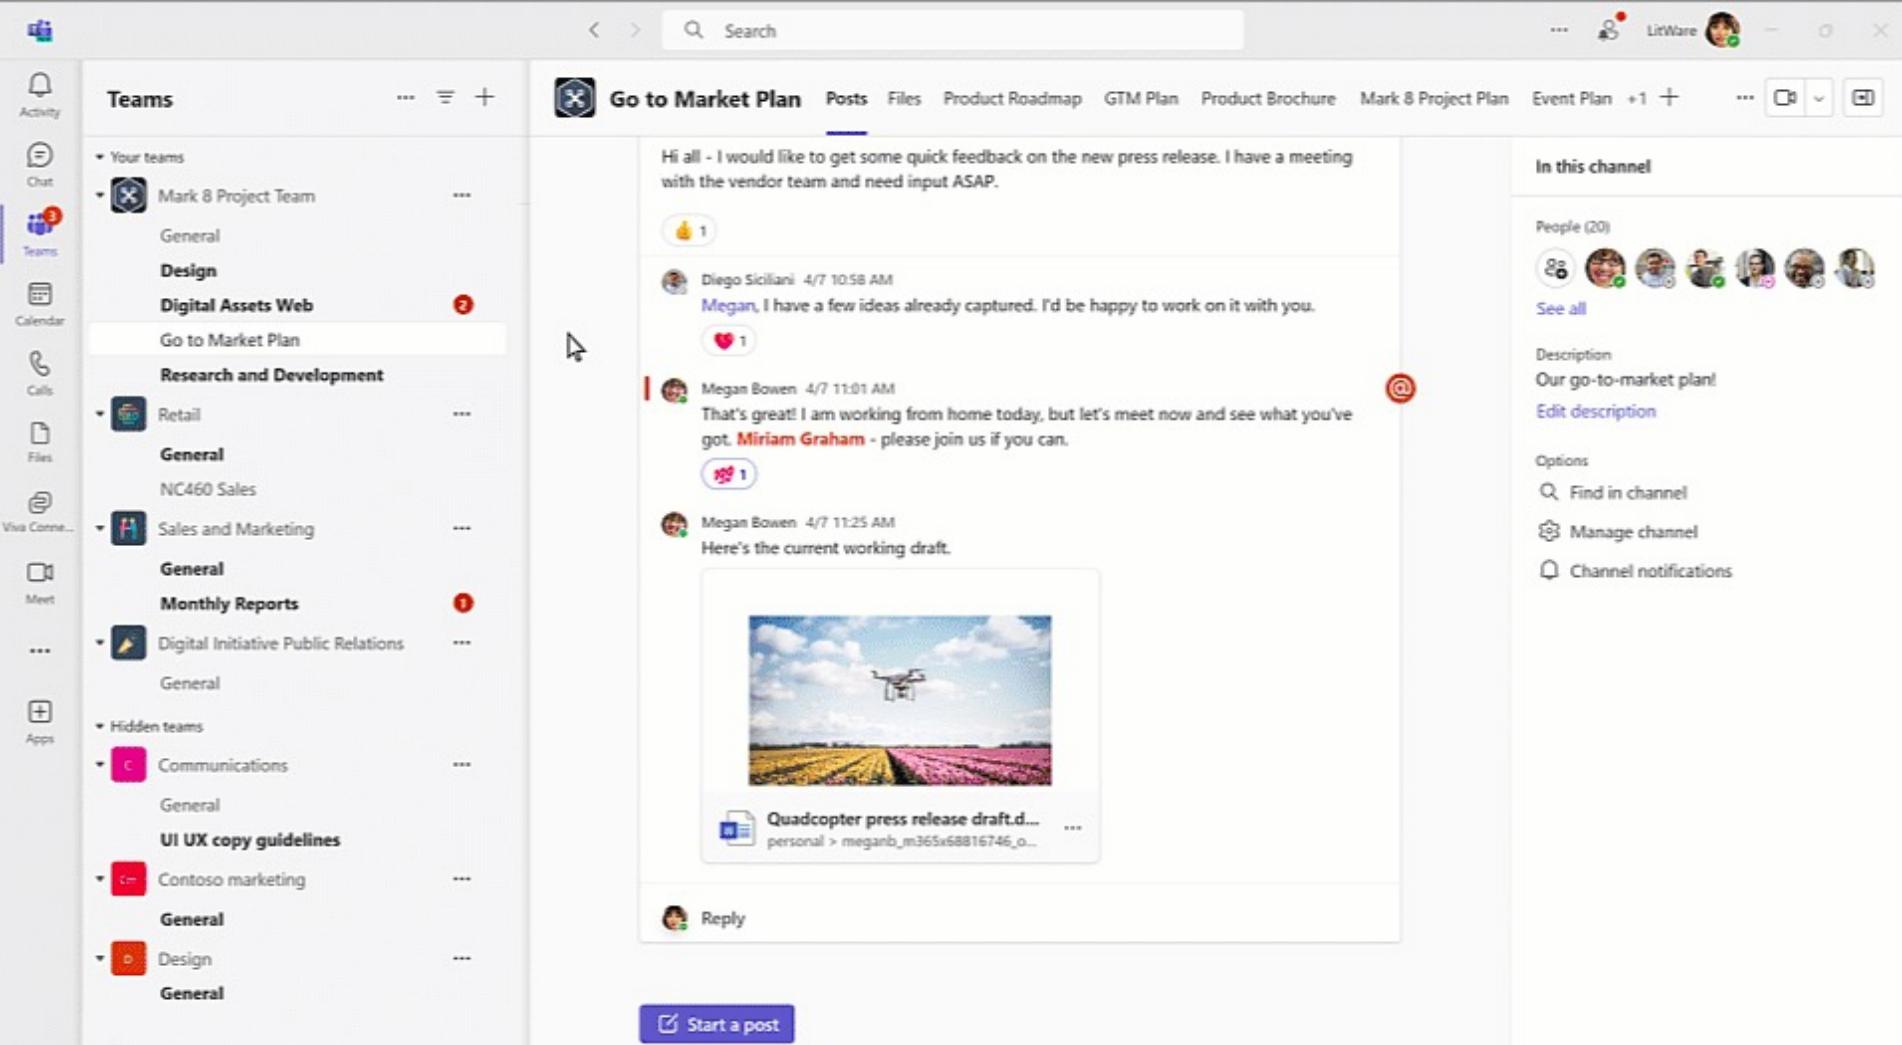

The screenshot shows a Microsoft Teams channel named "Alexandria Project". The left sidebar lists pinned teams like "Alexandria Project Contoso" and "Design Contoso", and other teams such as "Contoso", "General", and "Announcements". The main area displays a post from "Daniela Mandera" about preparing for the Alexandria Launch. Below the post is a table component titled "Afternoon session" with three rows of data:

Name	T-shirt size	Preferred day
Daniela Mandera	AM	Thursday
Cecil Folk	Medium	Wednesday
Allan M	Large	Thursday
Marie	MB	

A red box highlights the "Marie" row. A blue box highlights the "T-shirt size" column header. Below the table, there's a "New" notification for 6 replies. Another post from "Mona Kane" discusses a design review. At the bottom, there's a "Start a post" button.

# C&C – Simplified notifications

Jan 2024

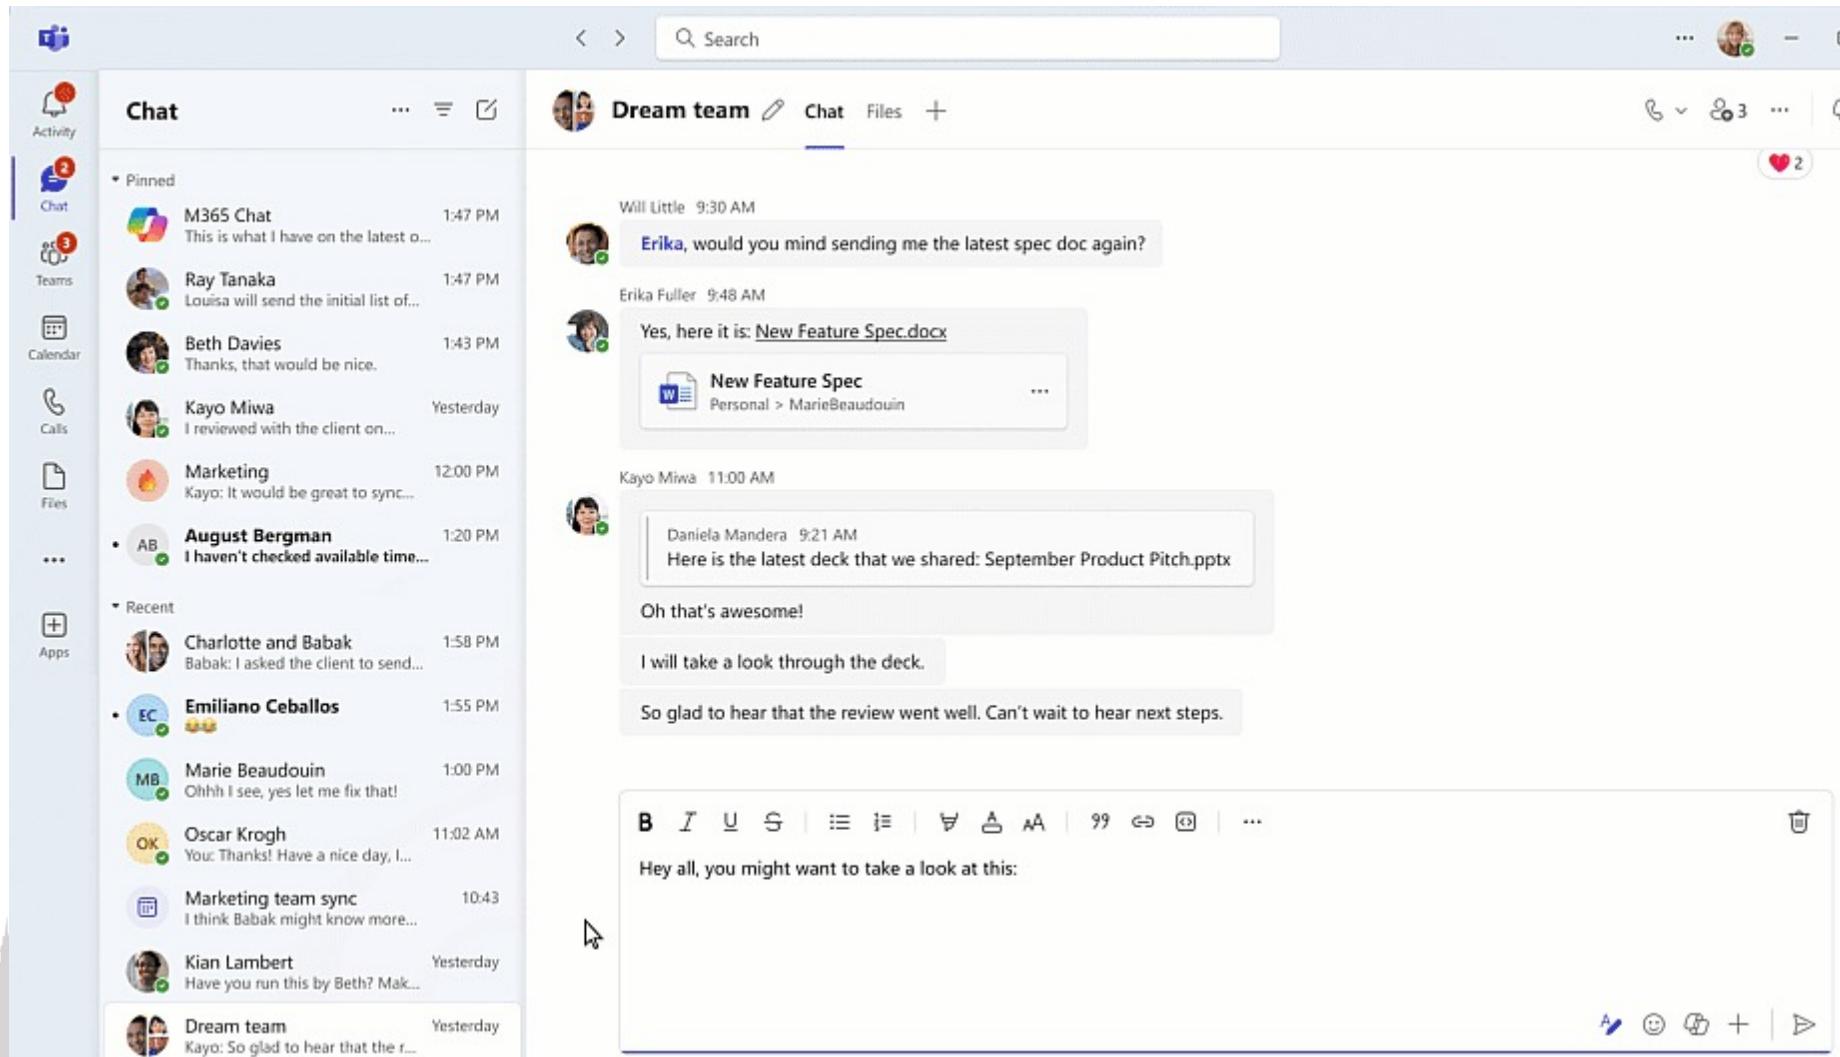

The screenshot shows a Microsoft Teams channel interface. On the left, the sidebar lists various teams under 'Your teams' and 'Hidden teams'. The main area displays a conversation in the 'Go to Market Plan' channel. A message from Diego Siciliani at 4/7 10:58 AM says: 'Hi all - I would like to get some quick feedback on the new press release. I have a meeting with the vendor team and need input ASAP.' Megan Bowen replies at 4/7 11:01 AM: 'Megan, I have a few ideas already captured. I'd be happy to work on it with you.' Megan Bowen then sends a message at 4/7 11:25 AM: 'That's great! I am working from home today, but let's meet now and see what you've got. **Miriam Graham** - please join us if you can.' Below this, there is a file attachment titled 'Quadcopter press release draft.d...' with a thumbnail image of a quadcopter flying over a field. The right side of the screen shows the 'In this channel' pane with options for 'People (20)', 'Description', 'Edit description', 'Options', 'Find in channel', 'Manage channel', and 'Channel notifications'.

# C&C – Enhancements to code blocks

Early  
2024

The screenshot shows a Microsoft Teams chat window titled "Dream team". The left sidebar lists various channels and recent conversations. The main area shows a message from Will Little asking Erika for a spec doc, followed by a file attachment from Erika named "New Feature Spec.docx". Kayo Miwa then shares a presentation titled "September Product Pitch.pptx". The message history continues with responses from Daniel Mandera and Oscar Krogh. A new message at the bottom from "Marketing team sync" includes a code block with the text: "Hey all, you might want to take a look at this:".

Will Little 9:30 AM  
Erika, would you mind sending me the latest spec doc again?

Erika Fuller 9:48 AM  
Yes, here it is: [New Feature Spec.docx](#)

New Feature Spec  
Personal > MarieBeaudouin

Kayo Miwa 11:00 AM  
Daniela Mandera 9:21 AM  
Here is the latest deck that we shared: September Product Pitch.pptx

Oh that's awesome!

I will take a look through the deck.

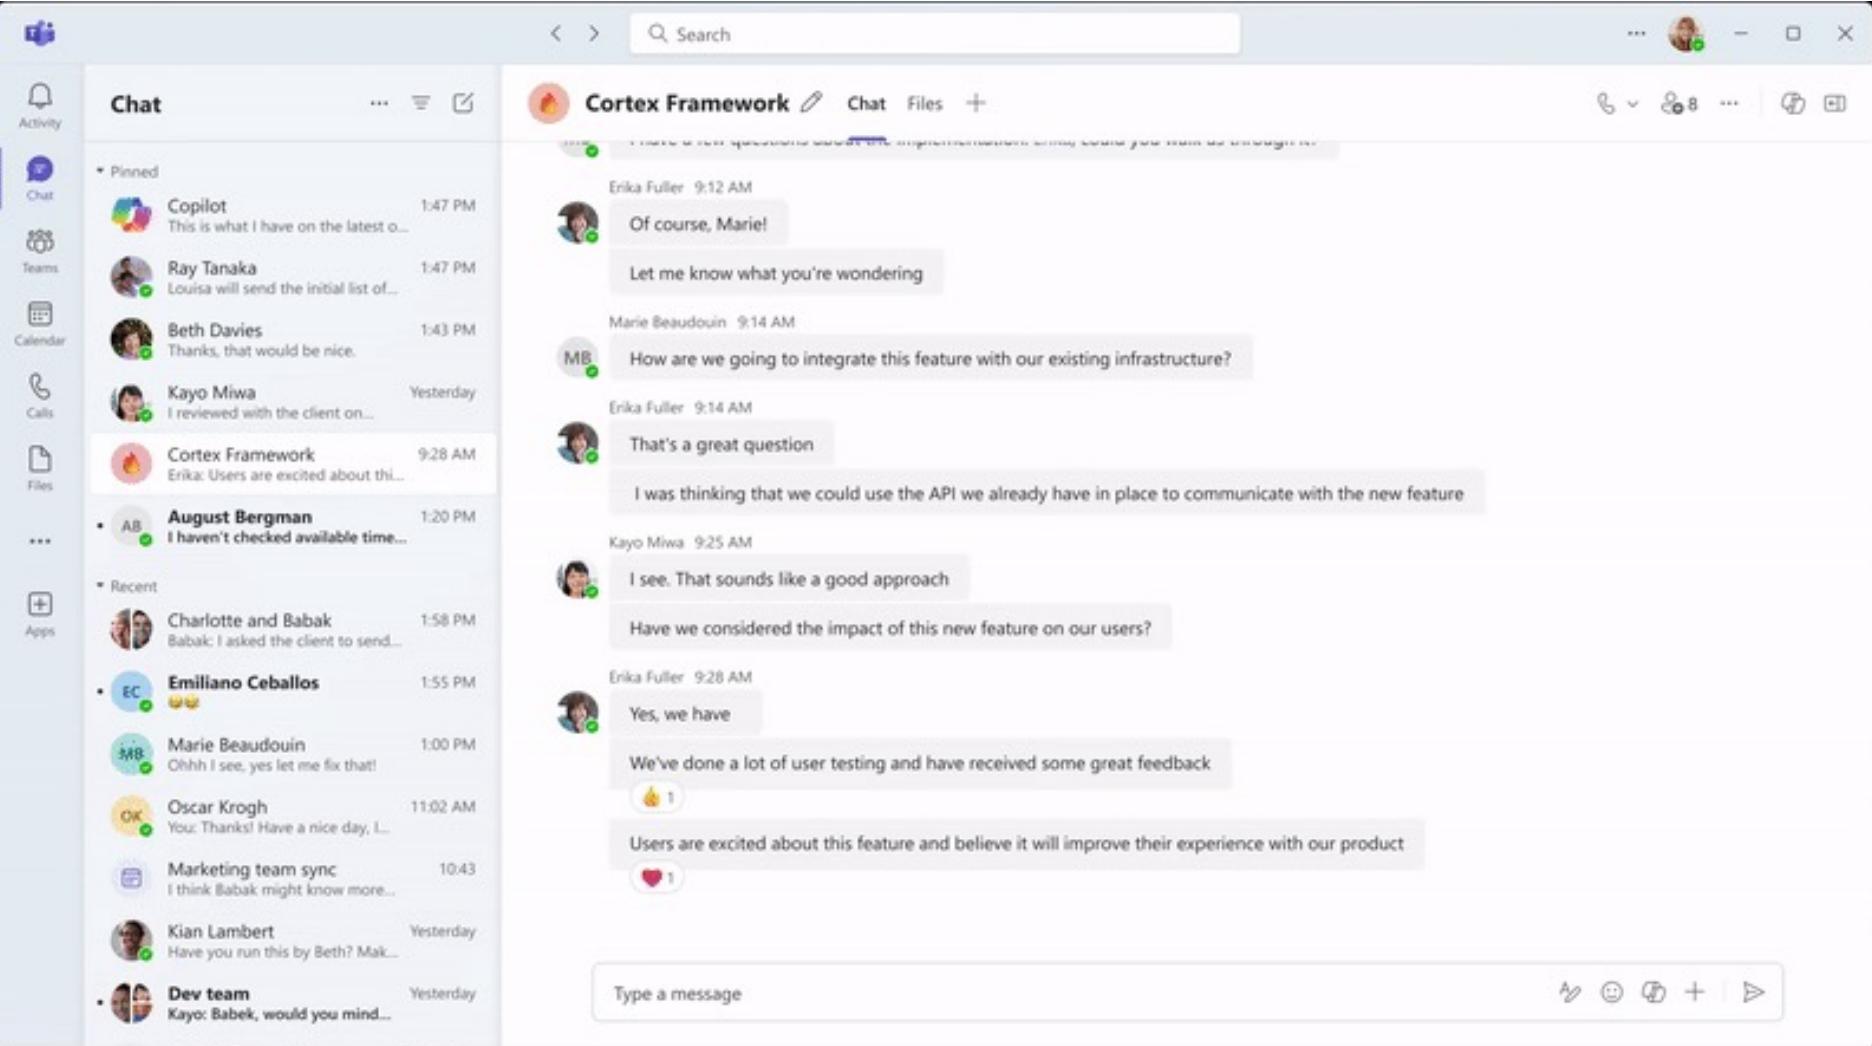

So glad to hear that the review went well. Can't wait to hear next steps.

B I U S | ⌂ ⌂ ⌂ AA | 99 ↵ ⌂ | ...

Hey all, you might want to take a look at this:

# C&C – New keyboard shortcuts

Early  
2024

The screenshot shows the Microsoft Teams Chat interface. On the left, there's a sidebar with icons for Activity, Chat (selected), Teams, Calendar, Calls, Files, and Apps. The main area shows a conversation in a channel named "Cortex Framework". The messages are:

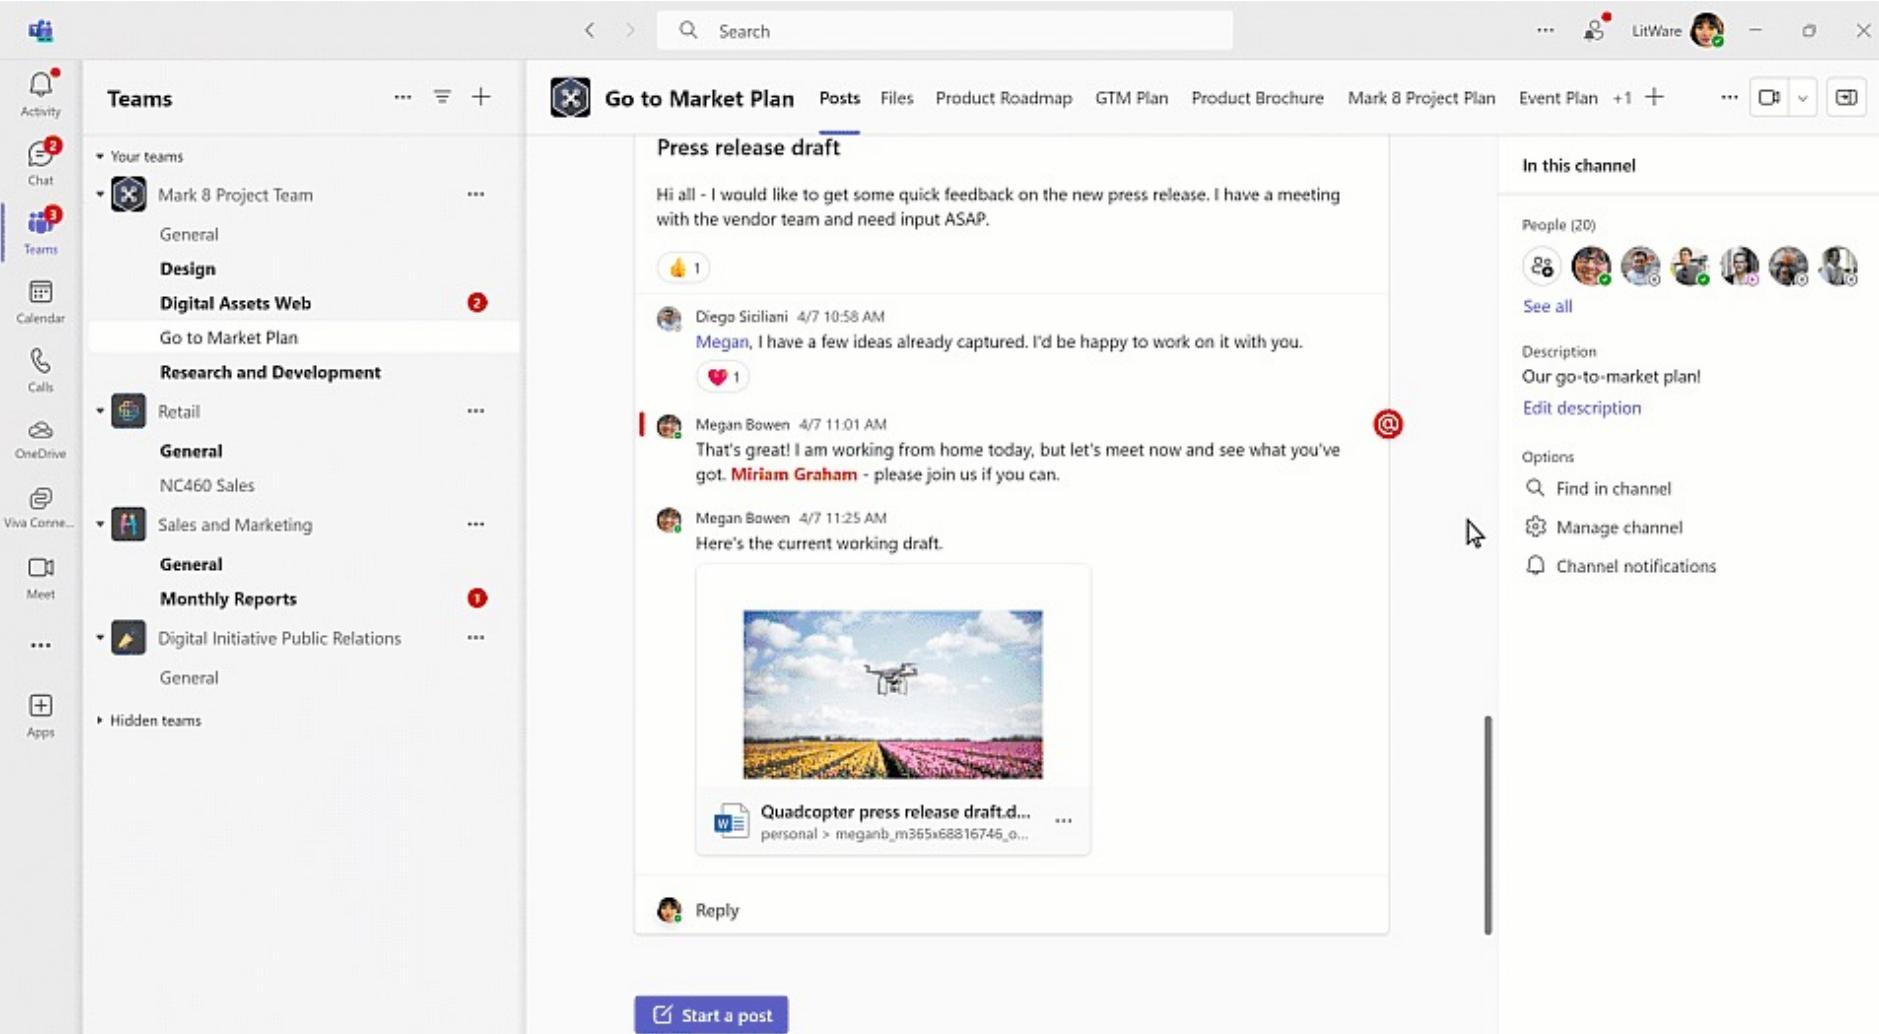

- Erika Fuller 9:12 AM: Of course, Marie!
- Let me know what you're wondering
- Marie Beaudouin 9:14 AM: How are we going to integrate this feature with our existing infrastructure?
- Erika Fuller 9:14 AM: That's a great question
- I was thinking that we could use the API we already have in place to communicate with the new feature
- Kayo Miwa 9:25 AM: I see. That sounds like a good approach
- Have we considered the impact of this new feature on our users?
- Erika Fuller 9:28 AM: Yes, we have
- We've done a lot of user testing and have received some great feedback
- Users are excited about this feature and believe it will improve their experience with our product

At the bottom, there's a message input field with placeholder "Type a message" and a set of reaction icons.

# C&C – customize default reactions

Early  
2024

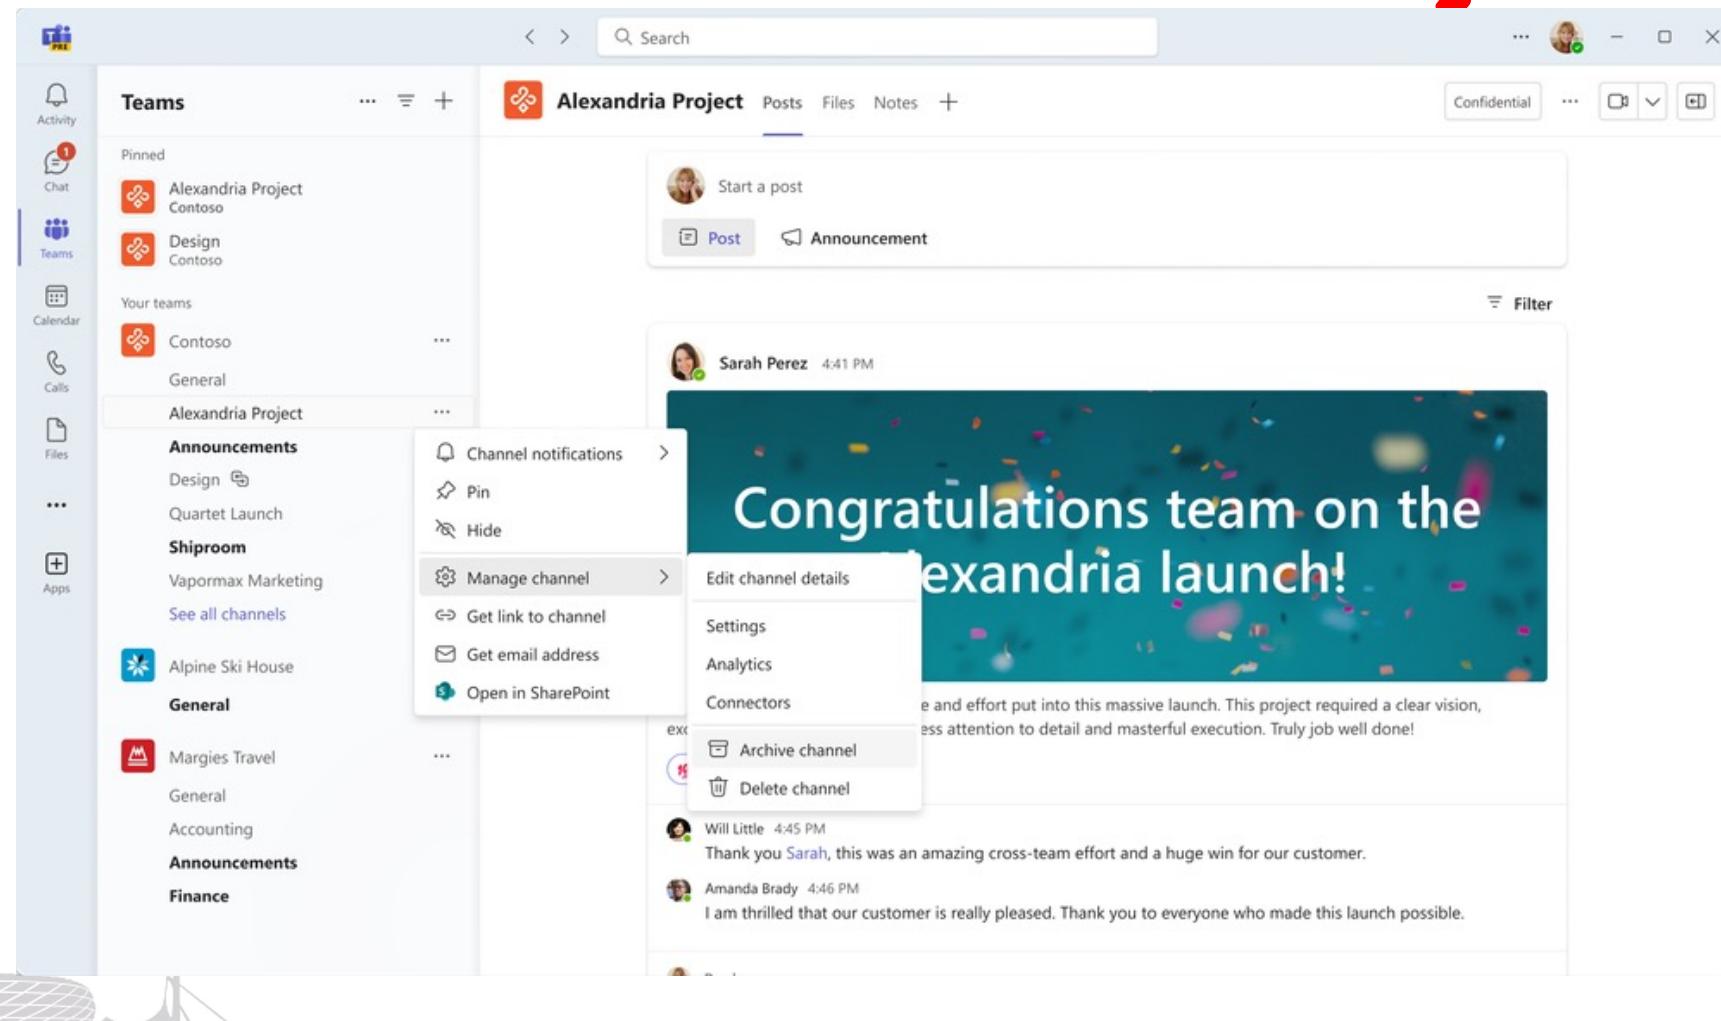

The screenshot shows a Microsoft Teams channel named "Go to Market Plan". A post titled "Press release draft" contains the following text: "Hi all - I would like to get some quick feedback on the new press release. I have a meeting with the vendor team and need input ASAP." Below the text are two reactions: a fire icon with a count of 1 and a heart icon with a count of 1. The post also includes a file attachment titled "Quadcopter press release draft.d..." and a thumbnail image of a quadcopter flying over a field of flowers. The Teams sidebar on the left shows various teams and channels, including "Mark 8 Project Team" and "Digital Assets Web". The right sidebar displays "In this channel" options such as "People (20)", "Description", "Edit description", "Options", "Find in channel", "Manage channel", and "Channel notifications".

# Chat & Collaboration (C&C)

Early  
2024

- Forward Chat
- Group chat profile pictures
- Manage your teams and channels
- Private Team discovery

# C&C – Shared channels enhancements

Early  
2024

- Admins can set up a form that captures a user's request to add an external member who is not from an approved organization
- If the channel owner permits it, team members can also create shared channels
- Users can share direct links to a channel, post or reply

# C&C – Multi-Tenant Organization (MTO)

Public  
preview

- Users who are part of an MTO will have a more seamless experience when collaborating with coworkers in an MTO group and accessing resources in other tenants of the group, regardless of how the identity infrastructure is managed. These new MTO features help deliver rich multi-tenant collaboration experiences across search, chat, calling, meetings, and content sharing, while eliminating silos and bringing users together across tenant boundaries.

# C&C: Chat embedded in Microsoft Edge browser / Suggested share a file

The screenshot shows a Microsoft Edge browser window. The address bar displays <https://techcommunity.microsoft.com/t5/microsoft-teams-blog/what-s-new-in-microsoft-teams-may-2023/ba-p/3835500>. The main content area shows a Microsoft blog post about the latest features in Microsoft Teams. On the right side of the browser, the Microsoft Teams sidebar is open, showing a conversation with Pradeep Gupta. Pradeep has shared a file, and a callout bubble from the browser suggests sharing the same file. The Microsoft Teams logo is visible in the bottom right corner of the browser window.

## Meetings

**Active speaker view in meetings**

Speaker view for Teams meetings allows you to effortlessly track the current active speaker. The active speaker's video will be rendered at a higher resolution, providing better visual clarity. The use of 16:9 tiles and consistent placement of audio and video participants on the same stage ensures a fluid experience. Toggling videos on or off will not cause the entire stage to be re-rendered. The main area designated for the active speaker is also utilized for shared content, enabling seamless transitions during presentations. Speaker View is particularly effective in scenarios with a limited number of key speakers and a large audience, such as town halls, trainings, or lectures - especially from the student's perspective. You can select the "Speaker view" option under "View" in the meeting toolbar. This view is not set as a default view.

Pradeep Gupta Monday 1:05 PM

Sounds good. I should have some time to review it in the next hour.

Pradeep Gupta Tuesday 9:55 AM

Hey **Megan Bowen**, wanted to share with you the latest What's new in Teams blog! I think this would be helpful for you and your team.  
<https://techcommunity.microsoft.com/t5/microsoft-teams-blog/what-s-new-in-microsoft-teams-may-2023/ba-p/3835500>

What's New in ... Welcome to the May 2023 edition of... techcommunity.microsoft.com

Thanks for sharing Pradeep Gupta. I'll share this with my team!

# Teams Phone

- New Shortcuts for Calls in Teams
  - Alt + Shift + A to initiate audio calls / Option + Shift + A to initiate audio calls

# Frontline tasks in specific departments or areas

The screenshot shows a mobile-style interface for managing tasks. At the top, it displays the time as 7:55 and battery status. Below this, the title "Tasks" is shown, followed by the location "Sunnyvale store 121 / General". A filter bar indicates "Kitchen & Dining" is selected, with a "More filters" option available. The main area lists several tasks:

- Mandatory scanner training (Aadi Kapoor, Daniela Mandera + 2 others) - Due 12/10, 1 completed, 0/3 assigned, 0/3 completed.
- Update hero display for focus on ne... (Kayo Miwa) - Due 7/26, 1 completed, 0/6 assigned.

Budget Forecast Posts Files Notes ...

6 replies from Patti Fernandez, Allan Deyoung, Lynne Robbins, and 3 others

Patti Fernandez 11:33 AM  
How much was the Seattle conference last year?

Miriam Graham 11:41 AM  
Ramp, how much did the marketing team spend on flights to Seattle for Ignite last year?

Ramp 11:41 AM  
The **Marketing** department spent \$6,259.70 on flights for last year's **Microsoft Ignite** trip.

## Q3 Hotel Spend Forecasting

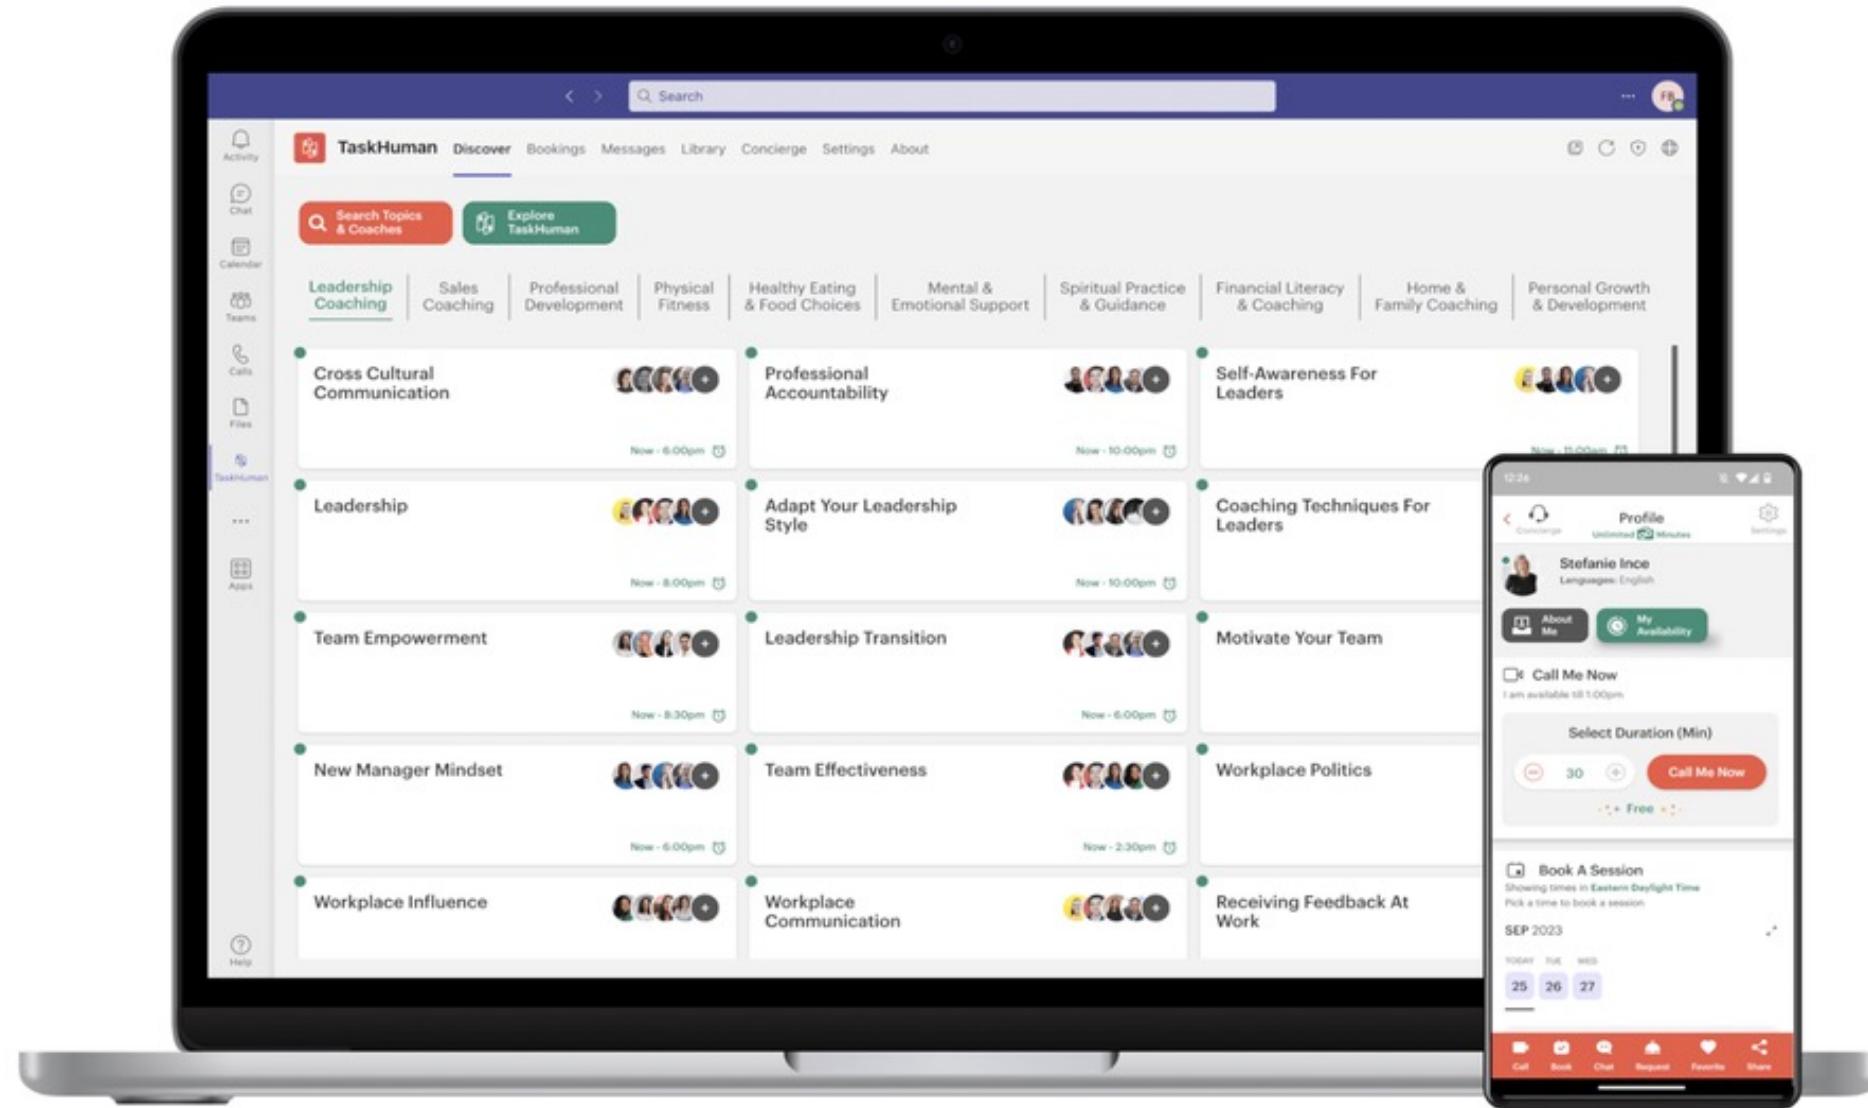

Hey team. Our hotel spending last quarter was the one weak area of an otherwise exceptional budget. We should aim to find ways to lower our spending. Ideally by 10% over the remaining fiscal.

Johanna Lorenz 11:35 AM  
Can we get any discounts on hotels next quarter?
